Mr. Fagan:

Mr. Chairman: I am sorry to report that the Chairman of the Finance Committee, Mr. Wolk, is in the hospital. I am happy that he is not seriously ill; he is suffering from fatigue. He asked me to express his regrets for his inability to be here this morning on this auspicious occasion.

The Chair:

The order of business is the election of President of Council.

The Chair recognizes Mr. Dinan.

Mr. Dinan:

Mr. Chairman and my Colleagues in City Council: It has long been the custom, established by the wisdom which grows out of experience, that an officer who has performed efficient and satisfactory service, should be continued in his position.

The man I am about to nominate for the Presidency of Council has performed that efficient and satisfactory service the past four years. He has always been fair in his dealings with his fellow members, his rulings have been just and he has shown no partiality in the discharge of his duties. He is additionally qualified by his experience as a member of the State Legislature and his long tenure as a member of this body.

It is therefore a pleasure and a privilege to place in nomination the name of Thomas J. Gallagher for the office of President of this body.

Mr. Jones:

Mr. Chairman and Members of Council: I rise to second the nomination of Thomas J. Gallagher to be President of City Council. For almost twenty-five years, almost a quarter of a century, the best years of his life, have been spent in promoting the interests of the government of the City of Pittsburgh. Thomas J. Gallagher has been outstanding in his leadership. He has been one of the first to know the correct course to take when problems have been trying and beset this body. He has been one of the first, irrespective of pressure or

possible criticism and a calculated political risk of it, to do what was in the best interests of the citizens of Pittsburgh.

It is a tribute to him and his many years of public service to serve us as President of Council.

It is an extreme pleasure to me and indeed a privilege to second the nomination of a man that I am sure all of my colleagues join with me that we deem him a loyal friend, a devoted citizen of Pittsburgh, a public servant and a Christian gentleman.

Mr. Schifano moved

That the nominations close on the name of Thomas J. Gallagher.

Which motion prevailed.

The Chair:

The Clerk will call the roll on the nomination of Mr. Gallagher to be President of Council.

And the result of the voting was as follows:

For Mr. Gallagher:

Messrs.

Counahan
Dinan
Fagan

Jones
Rodgers
Schifano

(Mr. Gallagher not voting).

And Mr. Gallagher having received six votes of Council was declared duly elected President for the ensuing term.

The Chair appointed Messrs. Dinan and Jones to escort the President-elect to the Chair.

The Committee performed the duty assigned it and presented Mr. Gallagher to the Chair.

The Chair:

The Committee is discharged with the thanks of Council.

The Chair:

The Chair appoints the Honorable John J. Kennedy, Law Judge of the Court of Common Pleas, Fifth Judicial District of Pennsylvania, to administer the oath of office to the President-elect.

And the oath of office as President of Council was administered to Thomas J. Gallagher by the Honorable John J. Kennedy, Law Judge of the Court of Common Pleas, Fifth Judicial District of Pennsylvania.

The Chair:

The President of Council will sign the oath of office.

And the President of Council signed the oath of office.

The Chair:

The Chair presents to Council and to the citizens of Pittsburgh the new President of Council, Thomas J. Gallagher.

Mr. Gallagher:

Reverend Clergy, Honorable Mayor, Members of Council and Friends:

Every two years, when Council organizes for the ensuing term, one member is chosen to be the presiding officer, and to be elected to this office of a great municipality is a distinct honor and privilege, which I appreciate very much.

I also appreciate highly the kind words Mr. Dinan said in nominating me and also the warm words uttered by Mr. Jones in seconding that nomination.

I think each and every one of you know that I am deeply grateful to my colleagues for again conferring this honor upon me this morning and the spirit in which it has been done.

I also wish to express to each and every member of Council my sincere thanks and appreciation for the courtesies shown me in the past four years as your presiding officer. I also want to assure you that I will do my best to live in harmony and full co-operation with the members of Council.

There are certain trials and responsibilities attached to this office, but in a sense no more than being a member of Council. Each and every member has equal rights and responsibilities with the President.

I am fully aware of the responsibility of my position, and I shall endeavor at all times to carry out my obligations with credit to myself and the other eight members.

Council, as the legislative body of the City Government, has certain powers and the Executive Branch, headed by the Mayor, has certain powers. These powers are given to us by the Legislature of the State and each should respect the responsibilities and prerogatives of the other. That has been the policy of the Council and the Mayor in the past and if followed in the future, I am sure that we shall have an efficient and deservedly popular administration.

Council has among its members capable and efficient men, well qualified to carry on the duties of their office. All of them have served with distinction.

Many perplexing and difficult problems face us year after year. We try to solve them to the best interests of all the people of this great City.

Of course, all the public demands made upon the City cannot be met because of the limitation placed upon the amount of money that we can spend. It shall be our purpose, however, so far as the finances of the City shall permit to bring about those much needed public improvements essential to the welfare, safety and health of our people. Many projects are needed for the betterment of our City, for the opening of the ways to the future growth and prosperity and for the enjoyment and recreation of our citizens. These, too, are included in that program.

This Council is pledged to the same municipal policies as the Mayor and that leaves little room for any of us to escape the responsibility for any failure to carry out these policies. The members of Council are to a man pledged to carry out these ideas, and in order to do so, shall give every ounce of energy to bring about that realization. I want to publicly declare that I shall do the best I can to render a satisfactory account of my stewardship; and I am sure I

express the same sentiments for the other members. In order to have an active, intelligent and efficient administration, we need the cooperation of the Mayor, and that cooperation, as in the past, I know will be forthcoming.

The City is progressing, but to aid that progress we must attract new industries and encourage those that we have. To bring new factories and mills to our City we must cooperate with the civic, commercial and trade bodies. The Mayor has ably cooperated in all these endeavors and has left no stone unturned to bring new industries to our City which will give employment to our people. Let us go forward - all of us - the Mayor, the Council and the citizens working in unison to make this a greater and fairer Pittsburgh.

Councilmen, Fellow Officials, Ladies and Gentlemen: You have witnessed the swearing in of the four members who were re-elected last November 8, and I am sure that the friends of the newly-elected members who are present here this morning will be glad to hear a few words from each of them. The Chair therefore recognizes Councilman Counahan.

Mr. Counahan:

Mr. President, Reverend Clergy, Judge Kennedy, Mayor Lawrence, my Colleagues in Council, Ladies and Gentlemen:

I want at this time, to congratulate you, Mr. President, upon your election for a third term as President of Council. Your past record has been wonderful, and I know you will continue as you have in the past. I hope that you have many, many more terms.

To my Colleagues in Council, I wish to thank you for your support in our last election. I want to thank you for any help you have given me as a member of Council. Ladies and gentlemen, I wish to thank each and every one of you for your attendance here this morning, and also wish you a Prosperous and Happy New Year.

Mr. Dinan:

Mr. President. Reverend Clergy, Judge Kennedy, Mayor Lawrence,

Commissioner Stewart, Ladies and Gentlemen:

I am deeply appreciative of the faith and trust that the electorate has placed in me for another four years. I am deeply appreciative of the honor and privilege of serving with my other eight colleagues in the legislative branch of government of the great City of Pittsburgh.

I know that I bespeak the sentiments of all my colleagues when I say that when we raised our right hands and took the oath we, at the same time, realized the responsibility we have to the citizens of Pittsburgh, and I can say, without fear of contradiction, and have always practiced it, that the best politics is good government and all the officers of the City and County have tried to do that, and that is why the Democratic Party is successful.

I wish each and every one of you a Happy, Healthy and Prosperous New Year.

Mr. Jones:

Mr. President, His Honor, the Mayor, Judge Kennedy, members of the Clergy, distinguished Public Officials, Ladies and Gentlemen:

I doubt if there is any municipal legislative body in the United States that is called upon to make so many important decisions that affect the lives, the future and fortunes of its people as does this body. Our decisions are not always easy. Sometimes they are incompatible with the interests of political expediency. Sometimes they are not popular generally. Often they are made at the risk of public criticism and vituperation. To serve in this body requires courage. It requires extreme attention to the interest of the citizens and to the progress of this City generally. I can say to you without fear of contradiction that my two years' experience in this Council has been one of the grandest experiences that has come to me in my lifetime. To be associated with men who are courageous, who place the interests of the City of Pittsburgh above anything personal to them, and serving under the leadership of Thomas J. Gallagher and the leader-

ship of David L. Lawrence, the greatest Mayor the City has ever had, are two grand experiences, and my determination in the four years that the citizens of the City of Pittsburgh have seen fit to grant me will be served in whatever capacity I can give a full measure of devotion to all its citizens.

I wish for all a most Prosperous and Happy New Year.

Mr. Schifano:

Mr. President, Reverend Clergy, Honorable Judge Kennedy, Honorable Mayor Lawrence, elected Officials, Office Holders, Ladies and Gentlemen:

Four years ago I was privileged to be sworn in as a member of this governing body, and for that I was grateful to the people of the City of Pittsburgh, and to the leadership of the Party to which I belong. Today, again I want to express my sincere and undying gratitude to the leadership of the Democratic Organization and principally the Honorable David L. Lawrence and to all of the people of this great City of ours for the opportunity that was given to me to be a candidate to succeed myself in office for another four years, and I am indeed grateful to the people for electing me to another term.

Being the last of the candidates to speak, I necessarily must be brief because my colleagues who were elected with me, having already spoken the sentiments I would have expressed, would I have been the first speaker.

I do want to express my appreciation to my running mates for the opportunity they gave to me in the campaign to work in their behalf, as well as for the assistance that was given me by them.

I want, at this time, ladies and gentlemen, to express to each and every one of you my sincere and very best wishes for a very Happy New Year, and a most Healthy and Prosperous one.

The Chair:

This meeting would not be complete unless we had a few remarks from His Honor, the Mayor.

**Honorable David L. Lawrence,
Mayor:**

Mr. President, Father Jackson, Reverend Jones, Judge Kennedy, Members of Council, and Fellow Citizens:

First, I want to congratulate the elected members of Council upon their very evident approval by the electorate of the City of Pittsburgh as to what they have been doing as members of this body. By an overwhelming majority you have been re-elected by the people of this great City of ours, and that in itself spells out what we have been trying to do here in City government. I cannot help but sit here in retrospect of twenty years ago today, and it was not as calm and quiet in this chamber on that very eventful occasion. We have come a long way since the Democratic Party first had the privilege to take over the affairs of this great City.

The other day I spoke at the funeral services of Doctor Charles R. Zahniser, who, to many of you young people probably meant little or nothing, but in the period twenty-two years ago he was an important figure in the life of the City of Pittsburgh. Prior to that graft and corruption were the order of the day in municipal government not only here but in municipalities throughout the Country. He was a crusader for better government and to wipe out graft and corruption in municipal affairs. He rendered a great service to the City of Pittsburgh during his lifetime. In recent years, I know, during the term of my predecessor, Mayor Scully, he was an advisor to him, particularly as to the Morals Court, and valued advisor to your present Mayor. I think the municipality is to be congratulated on the fact that the government has moved so decisively into the position it has in the United States in running the affairs of the City.

And likewise I cannot help think back to the inauguration in that period of Tom Gallagher as a member of this Council, and likewise John J. Kane. Today, Tom Gallagher is still head of this Council, an important part of the government in the muni-

city, and John J. Kane is being inaugurated today for an unprecedented sixth term as Commissioner of Allegheny County, where he has presided over the affairs of this County for almost a quarter of a century. These two men started out in politics together from the teeming South Side of Pittsburgh. They served in the Pennsylvania Legislature with honor and distinction beginning with the Session of '33, and then came into City Council of Pittsburgh. They made a great record there and have made a great record ever since. I am happy to go across the street to see the swearing in of a young man who graduated from the City of Pittsburgh. He came up from the Bureau of Parks as a clerk and when the Department of Parks and Recreation was created he was appointed Director. I know Howard B. Stewart will bring to the government of Allegheny County a knowledge of government and integrity that will compare favorably with the great service George Rankin and Harry Fowler rendered.

This is a great day in the history of Pittsburgh and Allegheny County. In closing I again congratulate you and the re-elected members of Council and the Councilmen who hold over because to all the members of Council I owe a great debt and Pittsburgh owes a great debt for the services they have rendered down through the years.

There never has been a question as to the honesty and integrity of any member of this great Councilmanic body. You never hear a whisper of any wrong doing. They may question the policy, but they have the courage to meet these questions of policy in the best interests of Pittsburgh.

I wish to congratulate you and wish you all a very Happy New Year.

Mr. Fagan:

Mr. President, Father Jackson, Reverend Jones, Judge Kennedy, Mayor Lawrence, Members of Council, and families of the newly-sworn-in Councilmen who were sworn in today, and tomorrow you will be the people to swear at them.

I have a very pleasant duty to perform this morning, to thank Father Jackson for the beautiful invocation and the wisdom of the beautiful prayer that he gave to Council. I hope that all of the members of Council will keep it in mind during the year and during their term in office. I want to thank Judge Kennedy for coming down here and swearing in the newly elected Councilmen. He has administered the oath of the Constitution of the United States and the Constitution of the Commonwealth of Pennsylvania under the Charter in which we operate and he has absolved the four of you from being subversives.

To Reverend Jones, who will later give the benediction, and is the father of one of the newly sworn in Councilman, I know this will be a great day in history. Of course, Paul has been in Council for the past two years, but he was elected by City Council. On November 8, 1955, at a City Election he was selected by an overwhelming majority to a four-year term as a member of City Council. He is the first of his race to serve as a member of this body. There is no question this second day of January, 1956, will be a day in history to be remembered.

I want to congratulate the newly elected President, and trust that he will have a two-year term of health, happiness and prosperity.

I am happy that the Mayor came to the meeting this morning to give some more of his wisdom. To the newly elected and sworn in members I wish to congratulate you, to felicitate you, and to trust that you have health, happiness and prosperity, and to the families that have assembled here I wish for all of you a Happy, Healthy and Prosperous New Year and ask God to bless all of us.

The Chair:

What is the pleasure of Council with respect to the adoption of the rules of Council?

Mr. Rodgers moved

DEPARTMENT OF LAW

Pittsburgh, Pa.,
January 5, 1956.

Honorable David L. Lawrence,
Mayor
City of Pittsburgh

In re. Re-appointment of David
Olbum as One of the City's rep-

representatives on the Board of the Allegheny County Sanitary Authority.

Dear Mayor Lawrence:

Enclosed is a draft of a resolution re-appointing Mr. David Olbum as one of the City's representatives on the Board of the Allegheny County Sanitary Authority for a term of five years.

Pursuant to Ordinance No. 40, approved February 15, 1955, Mr. Olbum was appointed as one of the City's original three representatives on the Board of the Joint Authority for a term of one year commencing January 1, 1955. The original terms of the members of the new Board created at the time the City joined the Authority were staggered, but the Articles of Incorporation for the joint Authority provide that subsequent appointments to the Board shall be for terms of five years. The Municipality Authorities Act of May 2, 1945, P. L. 382, as amended, 53 P. S. 2900z-1 et seq., under which the Sanitary Authority was created, expressly authorizes members of boards of authorities to succeed themselves.

It is suggested that the Board of County Commissioners of Allegheny County and the Allegheny County Sanitary Authority be apprised of the proposed action to re-appoint Mr. Olbum as a member of the Board.

Respectfully yours,

J. F. McKenna, Jr.

City Solicitor.

Which was read, received and filed.

Mr. Fagan

Mr. Dinan:

Mr. President: I would like, if I could, to change the regular order of business for this particular reason: We have some people in the audience who are interested in a resolution which I am about to present. I would like to have this resolution moved up on the calendar and I will present it and then introduce those people who are here and who are interested in it.

PRESENTATIONS

Mr. Dinan presented

No. 93

WHEREAS, The late County Commissioner Harry W. Fowler, a lifelong resident of the 26th Ward, was instrumental in sponsoring organized athletics in his Community; and

WHEREAS, Mr. Fowler as one of the founding members of the Perry Athletic Association, was responsible for providing a year round sports program for over 2000 boys during the last 10 years; and

WHEREAS, Mr. Fowler, as a member of the North Pittsburgh Kiwanis Club, helped to organize a baseball team for boys which he managed for two years and led them to two championships; and

WHEREAS, As a member of the American Legion Post No. 81, was actively engaged in and whole-heartedly supported all their athletic programs for boys.

THEREFORE, be it

Resolved, That the City of Pittsburgh does hereby officially designate what is now known as the Pleasant Valley Playground, bounded by Kenwood Avenue, Kimberlin Way, Charles Street and Canter Way, as the "Harry W. Fowler Memorial Playground".

Which was read.

Mr. Dinan:

Mr. President and my colleagues in Council: The resolution which I presented asking that the name of

Pleasant Valley Field be changed to the Harry W. Fowler Playground was accompanied by petitions from the North Side Chamber of Commerce, signed by William R. Schmidt, Executive Secretary; The Perry Athletic Association, signed by Thomas J. Foerster, President; the Kiwanis Club of North Pittsburgh, and Observatory Post No. 81, signed by the Commander, Victor C. Matz.

We are honored to have in the Council Chamber a resident of the Twenty-sixth Ward, who is an outstanding Jurist, a member of the Common Pleas Court of Allegheny County, and a man who was particularly acquainted and associated with the late Commissioner Harry W. Fowler for many years. I do not know whether he has anything to say, but if he cares to speak, I would like to have him to do so. A Judge of the Common Pleas Court of Allegheny County, the Honorable Walter P. Smart.

Honorable Walter P. Smart, Judge of the Court of Common Pleas of Allegheny County:

Mr. President and Members of Council: I am heartily in favor of this resolution. I have known Harry W. Fowler from the time after the first World War when we were Charter members of Observatory Post No. 81 of the American Legion. I was associated with him when I became Assistant and later County Solicitor. He was on the same floor when I was with the Planning Commission. I went in there to see him because he knew a lot about municipal law and the law pertaining to bridges and roads, and he showed me how to read the blue prints.

I know he was interested in the baseball federation for many years.

The Pleasant Valley of the old days, when I moved into the Twenty-sixth Ward, it meant something. The old Pleasant Valley Railroad ran up there. But of late nobody connects it with the Pleasant Valley. I think it would be a fine thing and all of the residents would appreciate it if Council changes the name of the Pleasant Valley Playground to the Harry W.

Fowler Memorial Playground.

Mr. Dinan:

Mr. President: I understand the President Judge of the Common Pleas Court intended to be here, but because of the press of business is unable to be present. Also the wife of the late Harry W. Fowler was to be here, but due to illness could not come.

If the President of the North Side Chamber of Commerce is here we would like to have him stand.

Victor C. Matz:

Mr. President and Members of Council: I represent the North Side Chamber of Commerce and also Observatory Post No. 81, The American Legion. I heartily endorse the remarks of Judge Smart. I have known Harry W. Fowler since we were kids, when the name didn't mean anything and we just grew. I doubt if there are very many people who know anything about the name Pleasant Valley. This field is not only for the Twenty-sixth Ward but for the Twenty-first, the Twenty-second and practically all of the North Side use the field and swimming pool. It would be a wonderful gesture to change the name of this playground to the Harry W. Fowler Memorial Playground, in memory of the work he did and who died before his time.

Roger F. Schwedler, President, Kiwanis Club of North Pittsburgh:

Mr. President and Members of Council: I am President of the North Pittsburgh Kiwanis Club, a club of some sixty members. We heartily endorse this resolution. Harry W. Fowler was a member of our Club and we heartily endorse this resolution.

Thomas J. Foerster, President, The Perry Athletic Association:

Mr. President and Members of Council: Harry W. Fowler was a charter member of the Perry Athletic Association and as such was responsible for providing organized athletics for over 2,000 boys during the last ten years, and we heartily endorse this resolution.

Mr. Dinan:

Mr. President: I think we have heard from all who are representing the organizations whose petitions accompany the resolution.

The Chair:

Every member of Council was personally acquainted with Harry W. Fowler. We know the wonderful gentleman he was, and I think there will be no opposition to changing the name to honor Harry W. Fowler.

Which was read and referred to the Committee on Parks, Recreation and Libraries.

Gentlemen of Council: There is a lady present by the name of Blanche B. Jublou who would like to speak to the members before we pass this resolution.

Mr. Dinan moved

That the privilege be granted Blanche B. Jublou to be heard.

Which motion prevailed.

Mrs. Blanche B. Jublou:

Mr. President and Members of Council: I represent Charles H. Zubick. I am a public accountant and have been resident auditor for Charles H. Zubick for ten or eleven years. I

know you people realize he is a large operator. I realize Pittsburgh needs taxes and wants taxes and needs money for people to spend. He is out of town and I took it upon myself to come up and give you an idea of the money that is circulated. Our payroll approaches well over a quarter of a million dollars every year. He has been in business for thirty years. Our repairs and maintenance will approach anywhere between sixty and one hundred fifteen thousand dollars, that goes to the merchants in this community, a year. One year it was three hundred thirty-five thousand dollars.

Mr. Jones:

Mrs. Jublou, what do they do?

Mrs. Jublou:

They are in the river towing business, and they haul coal and the industries that support the mills that you want the revenue from.

Mr. Jones:

Mr. President: I think it would help us to follow the tenor if she would express what relief she is seeking.

Mrs. Jublou:

I am seeking relief to keep him from having to move from his place of business.

Mr. Jones:

Would it be helpful to you to explain to you why this is necessary?

Mrs. Jublou:

I am familiar with that. I have seen the plan.

Mr. Jones:

You know our contract with the Sanitary Authority - that the City is bound to do what it is doing.

Mrs. Jublou:

We have reason to go a little

further. If they move Mr. Zubick from River and Mendota Street they take from this community the money that comes in here that is taxable and is spent here - your wage tax and all the other funds that come from it. I also want to state he bought the barges and portion of the wharfage from Buncher he has at Sixteenth Street. It seems he has no use of that. He also purchased and I carried the check to the Pittsburgh Coal Company for the wharfage at the end of Madison, and he bought rails that connect to the tracks of the B. & O. Railroad. Also right now he is building a sand digger that is very valuable to this community to give us better transportation when he digs the sand. He also bought the Dasher Street property. One of the attorneys asked him if they can sink a shaft sixty-five or a hundred feet deep, and if that is the case, Mr. Zubick can never put up the warehouse that he bought that property for. If you people improve that property as you have done the Allegheny, I will say a thousand times yes, but keep him from moving that business and taking it down into West Virginia. You can move him a hundred feet up or put your shaft in a hundred feet down, but if you take him out of the City you will lose that revenue.

Mr. Jones:

May I say this, Mr. President, if what Mrs. Jublou suggests is possible that the plans and operation can be shifted it will be a matter between Mr. Zubick and the Allegheny County Sanitary Authority. It is not within the purview of this body to do anything about it.

The Chair:

All this does is authorize the Department of Lands and Buildings to cancel whatever leases that are necessary to be cancelled.

Mrs. Jublou:

As you go up the river there are a lot of house boats there. These people can certainly move a home on the river much better than a man can move a volume of business and take

it away from Pittsburgh.

Mr. Dinan:

Mr. President I am going to vote for this bill, but I think the remarks of this lady are very timely. I do not think it ought to rest with her going to Director Greene and Mr. Laboon. I think we should instruct the Clerk to write to Director Greene and Mr. Laboon to see if something can be worked out.

Mr. Jones:

Mr. President: I want to go on public record in stating my position on this. We have promised the people of the North Side that positive action would be taken by this body if and when the opportunity presented itself, to start cleaning up that situation on our river there. If this is the way, I do not think we should take any other position. We may lose some twelve hundred dollars wharfage fees and not support what is happening there at our Gateway Center.

The Chair:

Did you make that as a motion, Mr. Dinan?

Mr. Dinan:

I did.

And the question recurring on the adoption of the motion, the motion prevailed.

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes—Messrs.

Counahan	Schifano
Dinan	Weir
Jones	Wolk
Rodgers	Gallagher (Pres't).

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

And upon motion of Mr. Dinan

Council adjourned.

RESOLVED, That the Council of the City of Pittsburgh does hereby direct J. Frank McKenna, Jr., City Solicitor, to take immediately the necessary legal steps to prevent these increases from going into effect, and authorizes the Department of Law to procure the testimony of expert witnesses and to oppose these unwarranted increases in rates before the Pennsylvania Public Utility Commission and the courts.

WHEREAS, the millions of consumers throughout the United States living in areas far removed from the producing gas fields, will, if the bill becomes a law, be deprived of any recourse for relief against exorbitant gas prices; and will, in effect, be at the mercy of the gas producers; and

The Chair presented

No. 175

COUNCIL OF THE CITY OF
PITTSBURGH

Pittsburgh, Pa.,
January 30, 1956.

To the President and Members of
Council.

Gentlemen:

I hereby tender my resignation as a member of Council, effective as at the close of business Tuesday, January 31, 1956.

Respectfully,

Emanuel F. Schifano.

Which was read.

Mr. Dinan:

Mr. President: It is with very mixed emotions that I rise to move the acceptance of this resignation.

My two reasons for being joyful today, of course, the first has no particular bearing on this resignation, - is that one of our colleagues, who has been absent from our midst, is back with us today, and I am sure that I speak not only for myself but all my colleagues that we are happy to see him back, and hope the Good Lord will give his wife health and the spiritual benefits to recover her health which she was formerly in.

I have known Manny Schifano for many years, but we got very intimate five years ago when I was a candidate for City Council along with Counahan, Davis and Schifano. Since that time there has been a bond of friendship which has followed, and I am sure my other colleagues feel as I do. We are most happy but at the same time we deeply regret to see him go. He has been a splendid Councilman, adapted to his job; he likes his work, and has served the people well. The proof of that is the majority given him at the General Election last November 8th.

As I have said before, it is more than political, the close feeling here among us men. I know I speak very frankly as to my own illness last year, and the illness of Councilman Wolk, and Councilman Schifano's wife and Councilman Fagan's wife. We are not only concerned politically, but we are interested in the welfare and the well being of each other, their families and we are as much concerned for the illness of Mrs. Fagan as it is possible outside of a member of our immediate families.

Mr. Schifano has served the people of Pittsburgh well as I stated before and has their highest regard for honesty and integrity, and I know he will have the same respect and confidence when he is a Judge of the Court of Common Pleas of Allegheny County. Our loss is their gain. We regret very much his going, but we wish the best for him and his family in his new undertaking.

May the Lord's choicest blessings be upon him.

Mr. Weir:

Mr. President: I don't think there is anything that I could say that would add to the perfect expression of our sentiments as stated by Mr. Dinan. I am sure we all agree with what Mr. Dinan has said, and I second the motion to accept Mr. Schifano's resignation.

The Chair:

The Chair wishes to add to what Councilman Dinan has said about our colleague. I think I am expressing the views of the other Councilmen that we wish him long life, good health and success.

Mr. Jones:

Mr. President: I realize that anything we would say now, after the splendid remarks coming from Mr. Dinan, would be a note of anticlimax.

I wish to take this opportunity to express my personal feelings. During the past two years Councilman Schifano and I have served together on numerous Councilmanic Committees. I have learned to admire him and to respect his sober judgment. I shall never forget the kind remarks he made concerning me at the time of my induction into this body.

I have every confidence that Councilman Schifano will demonstrate on the Bench the same outstanding qualities that have distinguished him as a member of this body.

He can be depended upon when

reaching his decisions as a Judge, that his rulings will come both from his head as well as from his heart.

I bespeak for him a long and distinguished tenure on the Bench of Allegheny County.

Mr. Wolk:

Mr. President: There is nothing I can add except that I have a mixed feeling of sadness and pleasure. I am happy that Manny's wife is well again, but I am sad, very sad, because I don't know of anybody I have been more concerned about than I have for the wife of Pat Fagan. I have been praying and will continue to pray for her speedy recovery. She is a wonderful woman and I hope everything will be all right with her.

For my good friend, Manny, I wish the best of everything. There is one thing he possesses, that is judicial temperament, and he is qualified in every respect, and I am sure he is going to make a very competent Judge in the Courts of Allegheny County. I know he is going to bring distinction for himself and for all his friends who have confidence in him. I wish you well, Manny.

Mr. Fagan:

Mr. President: This is a day that is filled with joy and yet it is tinged with sadness. I appreciate the beautiful sentiments expressed in your wonderful greetings for Mrs. Fagan and the kind remarks of my colleagues in Council. It is in a time of trouble and distress when you know who your friends are. I appreciate these kind expressions.

I am glad to add my comment to what has been said by Councilmen Dinan, Jones, Weir and Wolk, that Manny has judicial temperament and is well qualified. He spent a long time in the Legislature in Harrisburg and knows what the laws of Pennsylvania are and how they should be administered. Of course a man can be the greatest lawyer and have the greatest legal mind possible, but if he does not have humanity and charity and justice in his heart - after all it is

not just the law, it is a matter of justice. I know when men come before him either in the Common Pleas Court or in the Criminal Court that they will get a square deal and that is all anybody is entitled to.

I am really happy, much as I hate to see him leave Council.

I am happy his good wife has survived her recent operation and I wish him and Mrs. Schifano God's choicest blessings and hope he will have a long tenure as Judge in the County of Allegheny.

Mr. Rodgers

Mr. President: I just want to tell Manny that we are going to miss him here. He has been a good friend and a good man to work with. He has been a good Councilman and I know he will be a good Judge.

Mr. Counahan:

Mr. President: I want at this time to wish Manny all the happiness in his new venture. I will be one to miss him because he has been a great help to me. I am sorry you are leaving Mr. Schifano, but I am glad for your promotion and wish you all the success in the world.

Mr. Schifano:

Mr. President; my Colleagues in Council, members of the City Clerk's Office and Gentlemen of the Press:

I would be somewhat remiss if I did not rise on an occasion such as this to express to each and every one of you my personal, sincere appreciation for all the courtesies that have been extended to me by each and every one of you throughout the four years that I have been a member of this honorable body. I want to take this opportunity to thank each and every one of the members of Council who have expressed themselves here this afternoon for the fine tribute they have paid to me. I do not know whether or not I am deserving of the glowing terms but none - the - less I am deeply grateful.

I am very happy, indeed, that Mrs.

Fagan is well on the road to recovery.

I want to thank all of you for the kind expressions that you have offered me while Mrs. Schifano was in the hospital.

I regret very much having to leave this fine body of men. I have enjoyed working with all of you. I wish I could continue working with you for the entire four years as was the expression of the people of the great City of ours when they reelected me to another term of four years. However, it was seen fit that I be appointed as a Judge of the Court of Common Pleas of Allegheny County. And for those who have made that possible I want to express my personal, public thanks at this time.

As the letter states, I have tendered my resignation effective as at tomorrow's close of business. I shall be here tomorrow to participate at the Committee meetings. On Wednesday, at three o'clock, in the Assignment Room of the Common Pleas Court, I shall be sworn into office, and you are all cordially invited to be there at that time.

Thank you.

And the question recurring on the adoption of the motion, the motion prevailed.

The Chair:

Members of Council: Mr. John Gerlach has requested the privilege of addressing Council relative to placing his name in nomination for election as a member of Council. What is your pleasure?

Mr. Rodgers moved

That the privilege be granted to Mr. Gerlach.

Which motion prevailed.

Mr. John Gerlach:

Mr. President and Members of Council: I have twice run for Council. In the Primary of May 19, 1953, I received 16,539 votes. I feel that I

qualify - am very intelligent in all City affairs. I wish to work with Council on anything that may come up. From my point of view, I may uncover very important things others have not seen that would be a benefit to the City of Pittsburgh.

In the year 1955 I also ran for Council, as well as City Controller, in the Democratic Primary.

It seems to me there are a lot of things that eventually, after I bring up things in behalf of the citizens that a lot of people may say, it is a wonder I didn't think of that. It is those kind of things that I seem to be vested with power to see what others cannot see that would be very beneficial to the City.

I really don't know what to say. I am a truthful man and stand on my own. I have had various business ventures and have been successful. Since I have retired I have come to Council and watched proceedings, but there are certain things that must be uncovered and brought to the attention of the Mayor and the Members of Council. I know there are a lot of things that must be done, and should be done, and I don't intend to put any burden on Council and the Mayor. I am not going to stand in anybody's way in going through with what they have got. It is a matter I didn't learn until today that Mr. Schifano was going to hand in his resignation, and it is just one of those cases why I am here.

At this time, being one of the first and being a candidate twice before, would you people consider my point of view - what I have said. I have the qualifications and am intelligent to act for the welfare of the City of Pittsburgh and its citizens.

The Chair:

The Council will now proceed with the nomination and election of a member to fill the vacancy in Council caused by the resignation of Emanuel F. Schifano. What is your pleasure?

Mr. Wolk:

Mr. President and Members of Council:

I have been a member of this body for more than eighteen years, and I think this is one of the happiest moments of that entire period, when I will have the opportunity of placing in nomination as a member of this

body the name of a woman - a very exceptionally fine woman.

It is my pleasure and great honor today to place in nomination the name of Irma M. D'Ascenzo. Before making some personal observations, I want to inform you that Mrs. D'Ascenzo has lived in the City of Pittsburgh all her life. She is the wife of Frank J. D'Ascenzo, and has a son, Assistant Merchandise Manager of Boggs and Buhl; a daughter who teaches in the Homewood Elementary School, and she has one granddaughter. Not only did she attend grade and high school and graduated from business college in this City but she attended two years at the University of Pittsburgh. And while she was bringing up her family, for more than twenty years she has been identified actively in the civic affairs of her community and also in political life. She was staff assistant during the War for the American Red Cross, Foreign Inquiry Department, and received a special citation from President Roosevelt. She was one of the founders and one of the original Board members of the Catholic Laymen's Educational Association. She is Vice Chairman of Boys' Town of Italy, Incorporated, Western Pennsylvania Committee. Under the sterling leadership of that fine woman, Mrs. John J. Kane, she served as Executive Secretary in all Polio Fund Drives that Mrs. Kane headed. For fourteen years she was a Board member of the Gumbert School for Girls. She is a member of the Advisory Committee of the Allegheny County Smoke Control Committee. And until her appointment as Secretary of the Civil Service Commission of the City of Pittsburgh, she was Secretary and Treasurer of the Allegheny County Housing Authority and Treasurer of the Allegheny County Redevelopment Authority and now serves as a member of the Governor's Committee on Children and Youth.

While she was performing these civic duties she was interested actively in the political life of the City of Pittsburgh and Allegheny County. She concerned herself unselfishly with the election of people to office that she felt would make for good government.

We are living in the most critical period in the history of the world. The American way of life can be and should be an inspiration to every right thinking person throughout the world, and we, in our community can do our little part to help make democracy work. Irma D'Ascenzo, during her entire adult life, has exhibited a great love and devotion to the American way of life that helped make our democracy work in our community; giving of her time and energy to so many causes, and particularly in political life.

She is qualified in every respect by education, experience and devotion to the American Way of Life to sit as a member of this body. But above all this, from my own personal observation and what I know about her and hear about her throughout the years, she is a very humble person, deeply religious, sincere and earnest, hard working, and when she believes in a cause she is devoted to that cause with everything she has. I am convinced, beyond the peradventure of a doubt, first, aside from the fact she is a woman, she will make a great addition to this body, and because she is a woman she will give that treasured point of view, and she is such a capable person she will make an exceptional member of our Council when she has qualified. It is my extreme honor and pleasure to nominate Irma M. D'Ascenzo as a member of Council.

Mr. Dinan:

Mr. President and Members of Council:

The honor that I have of seconding the nomination of Mrs. Irma D'Ascenzo as a member of this body is mine because with great regret the Mayor of this great City had to leave for an engagement in Washington, D. C., and that honor was to be his, and it is with deep regret that we announce he will not be here to second the nomination, and that honor becomes mine.

In selecting Mrs. D'Ascenzo as a member of Council of the great City of Pittsburgh the leaders of the Democratic Party have looked, as they

have in the past, upon the great part that women play in the American way of life today. You will recall a few years ago this great Party nominated, and after the nomination by the Democratic Party, elected a young lady as Secretary of Internal Affairs of the great Commonwealth of Pennsylvania. In the short period of time she has been in office she has served this Commonwealth with honor and distinction both to herself and to the Democratic Party.

A few years ago, in this County, we nominated and elected a lady for the position of Judge of the Court of Common Pleas. Since her election to that office she has brought honor and distinction to herself and the Party that elected her. She is the Honorable Anne X. Alpern.

In selecting Mrs. Irma D'Ascenzo for this vacancy in Council, I am heartily in accord with the remarks of the man (Mr. Wolk) who placed her name in nomination. And knowing her for so many years, I am sure she will bring honor and distinction to this body. She is a very sincere person, a hard working woman, and very much devoted to any cause in which she becomes interested. I believe she will be an able and conscientious member of this body, where she will join with the present members of this body in the building of this great City. I know her first interest will be for the benefit of the City in which we live and work and all of its citizens.

It is a great pleasure for me to second the nomination of Mrs. Irma M. D'Ascenzo.

The Chair at this time presented

OFFICE OF THE MAYOR

Pittsburgh, Pa.
February 6, 1956

Mr. George Boxheimer
City Clerk
City Council
Pittsburgh, Pennsylvania

Dear Mr. Boxheimer:

I regret exceedingly that I am unable to be present at the meeting

of City Council at 2:30 p.m., Monday, February 6, 1956 to participate in the election of a successor to Emanuel F. Schifano, who resigned as a member of City Council when he was appointed to the Court of Common Pleas of Allegheny County.

Inclement weather necessitated a change in my travel plans to Washington, D. C., where I have had a long-standing commitment to speak before the convention of the American Planning and Civic Association. For this reason, I cannot be with you this afternoon.

It had been my intention to second the nomination of Irma M. D'Ascenzo for member of City Council, and to cast my vote for her election. I believe she will be an able, energetic, and conscientious member of Council, where she would join with the present members in carrying forward Pittsburgh's multi-phased program of municipal improvement and rebirth.

Since I cannot be present to cast my vote personally, I request that this letter be read and made a part of your minutes.

Very truly yours,

David L. Lawrence

Mayor

Which was read, received and filed.

Mr. Jones moved

That the nominations close on the name of Irma M. D'Ascenzo.

Which motion prevailed.

The Chair:

The question is on the election of Irma M. D'Ascenzo to be a member of Council to fill the vacancy for the unexpired term until the next Municipal Election.

On the election of Mrs. D'Ascenzo, the Clerk will call the roll.

And the result of the voting was as follows:

For Mrs. D'Ascenzo:—Messrs.

Counahan	Rodgers
Dinan	Weir
Fagan	Wolk
Jones	Gallagher (Pres't)

The Chair:

And Irma M. D'Ascenzo having received all of the votes of the members of Council, is duly elected to fill the vacancy in Council caused by the resignation of Emanuel F. Schifano, in accordance with the provisions of the Act of Assembly approved May 31, 1911.

I appoint Messrs. Dinan and Wolk a committee to escort the member-elect to the Chamber for the purpose of having the oath of office administered to her.

And the oath of office was administered to Mrs. Irma M. D'Ascenzo by Thomas J. Gallagher (President of Council.)

The Chair:

Gentlemen of Council, Mrs. D'Ascenzo, Ladies and Gentlemen:

It is indeed a pleasure and a privilege to welcome Mrs. D'Ascenzo as a member of the Council of the City of Pittsburgh.

First, allow me to extend hearty congratulations and felicitations upon your election as a member of this body. Your election was unanimous.

You have the honor and distinction of being the first lady to occupy a seat in the legislative branch of the City Government.

I want to assure you, Mrs. D'Ascenzo, that the Mayor, your colleagues in Council, the office staff, the various heads of departments, and the municipal employees generally, will assist and cooperate with you in every way. These persons will be at your service upon call.

As you grow into this position you will learn that all our actions are not unanimous. Notwithstanding our differences of opinion at times, every member is loyal and trustworthy and

when opinions conflict, the differences are soon forgotten. It is expected that you will voice your own opinion when you do not agree with matters up for action. This body is always open to constructive criticism, and we welcome it. This prerogative not only belongs to a member of Council, but we are receptive as a group to worthy recommendations from the press and the public in general.

Because of your educational and cultural background, I am sure that you will be an asset in this body, and will devote your time, energy and talents to the City's betterment.

The Chair now recognizes Mrs. D'Ascenzo.

Mrs. D'Ascenzo:

Mr. President; Members of Council, Commissioner John J. Kane. Distinguished Guests and Kind Friends:

To the worthy members of City Council and to Honorable Mayor Lawrence, who had the power of selection; I give my sincere thanks for electing me to fill the vacancy in City Council. I am happy the vacancy was caused by the elevation of my friend, Mr. Emanuel Schifano to be Judge of the Court of Common Pleas. I humbly accept this great honor; making me the first woman in the history of our City to be so honored. I look forward with pleasure to working in City Council with able, competent men of public affairs whom I know and respect.

I want to justify the confidence placed in me and to merit the support of our distinguished leader Mayor Lawrence; who has many times promoted the appointment of women to high public office. I will strive to be a worthy colleague to able Judge Anne X. Alpern and to distinguished Genevieve Blatt. To my husband, my son and my daughter and to my aunt who is here in place of my ailing mother, and my many friends who are here and to the International Federation and to the National Federation and members of Italian Sons and Daughters of America who have seen

fit to honor me today, my sincere thanks.

To Commissioner John J. Kane, who has entrusted to me positions of trust and responsibility in County affairs and to Rita Wilson Kane, President of the Democratic Women's Guild; who supported my selection, my sincere and grateful thanks.

To become part of the City Government helping in the renaissance of Pittsburgh is a great challenge demanding energy, time, patience and cooperation with all segments of the community. These I propose to give unstintingly. I will devote myself to the best of my ability to help conduct the City government to "promote the general welfare".

I ask Almighty God to make me a worthy public servant to the people of our great City.

Resolution authorizing and directing the Department of Lands and Buildings to include the following in all Proposals to facilitate the sales of tax acquired properties under Sections 11, 12, 13 and 14 of Act No. 514, approved July 5, 1947:

In the event that objection to the adequacy of the price fixed in this Proposal is filed and the property is

not awarded to the undersigned after bidding in open Court, it is agreed that the final Order of Court shall provide that the undersigned be reimbursed for the title search furnished at the rate of \$45.00 for the first thousand dollars or less shown herein, plus \$5.00 for each additional thousand or fraction thereof, to be paid from the final sale price as costs, unless the successful bidder is satisfied to accept the certification of the examining attorney and pay for his services.

Provided, said title report shows all claims and states that upon completion of proceedings under Act No. 514 of 1947 - showing all defendants to be served - title to the property is certified to be good and marketable and free and clear of all encumbrances.

Which was read.

Mr. Fagan moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the resolution was read a second time.

Mr. Fagan:

Mr. President: On File No. 176, Bill No. 285, which reads: "In order

to facilitate the sale of tax acquired properties under Sections 11, 12, 13 and 14 of Act No. 514, approved July 5, 1947, it is hereby RESOLVED, That the Department of Lands and Buildings shall include the following in all Proposals:

"In the event that objections to the adequacy of the price fixed in this Proposal is filed and the property is not awarded to the undersigned after bidding in open Court, it is agreed that the final Order of Court shall provide that the undersigned be reimbursed for the title search furnished at the rate of \$45.00 for the first thousand dollars or less shown herein, plus \$5.00 for each additional thousand or fraction thereof, to be paid from the final sale price as costs, unless the successful bidder is satisfied to accept the certification of the examining attorney and pay for his services, Provided said title report shows all claims and states that upon completion of proceedings under Act No. 514 of 1947 - showing all defendants to be served - title to the property is certified to be good and marketable and free and clear of all encumbrances."

I might state for the information of the members of Council that since March of 1954, the representative of the Department of Lands and Buildings, and Harry Beschel, Solicitor for the City and School Tax Liens, have been trying to contact the Allegheny County Bar Association so that we might have some agreement on the fees to be paid for searching titles. Up to this time we have not been able to get any satisfactory agreement with them. You will notice in the resolution the fee will be at the rate of \$45.00 for the first thousand dollars or less and \$5.00 for each additional thousand or fraction thereof. We had a case before the Court en banc a few weeks ago and the Court allowed a fee of four hundred dollars, which everybody felt was exorbitant. We think, when a lawyer examines a title he is entitled to fair compensation but we do not think anybody should be shaken down because there has been some dispute among the parties. So, as a result, we have this legislation before us, and I hope it will pass

finally, and I hope it will work out satisfactorily for the best interests of the three taxing bodies and they will be able to expedite the searching of titles and the interested parties will get a fair deal.

Mr. Rodgers:

I would like to ask Mr. Fagan, if this has been discussed with the School Board?

Mr. Fagan:

Yes.

Mr. Rodgers:

And they know what we are doing?

Mr. Fagan:

Yes.

Mr. Counahan:

Mr. President: Has this been approved by the Law Department?

Mr. Fagan:

It was written by Hary Beschel.

Mr. Counahan:

My question is, has it the approval of the Law Department?

Mr. Fagan:

I am not sure. The legislation was drafted by Mr. Beschel, and I know this, that in trying to work out a meeting with the Allegheny County Bar Association, the Law Department was apprised of the fact. If you want to refer it back to the Law Department it will be satisfactory.

Mr. Counahan:

As far as I am concerned, I would rather have the Law Department's approval. I would like to have the approval for several different reasons. The main one is that we are

establishing a price and I would like to know if it is legal. I do not know whether in the examination of titles that we can just say that this piece of land does not take the examination that another one does. I am not in a position to know much about it, and I would like to have the Law Department approve the legality of it and I would like to know if we are doing right, and I so move.

(motion not seconded.)

Mr. Fagan:

I might say for the information of Mr. Counahan, this Act was approved July 5, 1947, and I might also say for his information that the title company did examine this same title that this same attorney examined and this title company turned in a bill for \$119.00, and the attorney asked a fee of \$400.00, and the Court granted \$400.00, and I think it was a shake-down. We paid through the nose when we paid it.

Mr. Jones:

Mr. President: I might offer this statement for my colleague, Mr. Counahan: The forty-five dollar rate was not an arbitrary rate. It was a fee charged, and that is the accepted fee, Mr. Counahan, and five dollars for each additional thousand.

And the resolution was read a third time and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—

Mrs D'Ascenzo Mr. Fagan

Mr. Jones Mr. Wolk
Mr. Rodgers Mr. Gallagher (Pres't)
Mr. Weir

Noes:—

Mr. Counahan

When the name of Mr. Counahan was called, he arose and said:

Mr. President: I am voting No on Bill No. 285 for the reason I want the approval of the Law Department.

Ayes 7. Noes 1.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

VACATION OF PARTS OF
EAST VIEW STREET
MONFORT STREET
IDLEWILD STREET
13th Ward

Ordinances vacating parts of East View Street, Monfort Street, and Idlewild Street in the 13th Ward have been referred to this department for recommendation and report.

The portions of the streets proposed to be vacated are within the area intended to be laid out in a plan of subdivision, and developed as a shopping center in connection with Council Bill No. 320 (56) (which would change the existing zoning from Residential to Commercial).

This project has been under con-

sideration by the Committee on General Plans of the Commission for some time. The Committee has looked with favor upon the plan and the zone change, with minor modifications, which will be recommended to you later.

The proposed vacation of the portions of the three streets - East View, Monfort and Idlewild - is in line with the thinking of the Committee and will facilitate the submission of the final plan of the shopping center to the Commission for their action.

The Planning Commission is expected to consider the aforesaid ordinances at its meeting tomorrow and its recommendation will be immediately transmitted to you.

Yours very truly,

Proposed Ordinance vacating EAST VIEW STREET 12th Ward.—(Dept. Public Works' letter to Council, 3-1-56)

"Vacating East View Street, between the north line of Lot No. 13 in the "East View Plan" and the north terminus."

3. Vacating will permit consolidation of private properties and development of a shopping center;

4. Vacating is in accord with a preliminary plan of development looked upon with favor by the General Plans Committee, March 6, 1956.

The Chair:

The Chair wishes to state that on Bill No. 320, File No. 270, an Ordinance amending the Zoning Ordinance affecting property in the Homewood-Brushton District, Mr. Jack Rainey called me at home and asked me if Council would listen to further protests on this bill. He said a man by the name of Davis of the Homewood-Brushton Chamber of Commerce wanted to be heard further.

Mr. Weir moved

That permission be unanimously given to speak further on the bill.

Which motion prevailed.

Mr. Rainey: Mr. George Davis, President of the Homewood-Brushton Chamber of Commerce is here to speak to Council.

George Davis, President, Homewood-Brushton Chamber of Commerce:

Mr. President and Members of Council: I want to thank you for giving us this opportunity to speak against this petition for the rezoning of this property. The Homewood-Brushton Chamber of Commerce is opposed for several reasons. One of which is that the need in the Homewood area is for more homes and not for more places of business.

After the first hearing on this rezoning a call was received at my place of business after the report came out in the Post-Gazette in the morning and one of the ladies who had read the report had called me and stated that was exactly the way she felt. That in Homewood, since there was a great influx of people, whose homes were being sold, wanted homes to move to and they were finding it difficult to find new homes because the homes they were leaving were low rent and they could not find homes of similar rent. The need was also stated by one of the proponents of the ordinance. He said that homes were being occupied by three or four families where one had occupied them previously. So, it is obvious that homes are needed in the Homewood area, and any unseeded land which is to be found in the area should be devoted to homes in the Homewood-Brushton area.

We are further opposed to the present petition for the reason that it depreciates the already established business district and several other similar business districts. As you know the present trend is that the present shopping centers drag it away from the present business centers, one of which is Monroeville. The purpose of this rezoning is to have a new shopping center for the Thorofare Market. That would be the principal occupant of the space. They now occupy a large store room in the area, opposite the Belmar School. If it moves out there will be another large property, and the adjacent store rooms occupied by small business will not have an opportunity to move. The same way with Homewood. If traffic is diverted it lessens the value of property on Homewood Avenue and makes it exceedingly difficult for the merchants already established to do business.

The Homewood business district has high property values, and the rents are much lower than in the shopping center area will be. New shopping centers are high in rent and small businessmen of the type coming into the area will not be able to pay that type of rent, and therefore, feel the existing stores will provide places at a rent they will be able to pay.

For these reasons the Homewood-Brushton Chamber of Commerce feels that this petition should be opposed and should be defeated.

If there are any further questions Council would like to ask I would be glad to answer them.

The Chair presented

No. 520

April 2, 1956

President and Members
City Council
Pittsburgh, Pennsylvania

Members of Council:

It has come to the attention of the Commission on Human Relations that you are considering Bill No. 320, which proposes to re-zone an area north of Frankstown Avenue described as the Eastview Section. The Commission on Human Relations wishes to be placed in the record as favoring the proposed change.

We are not qualified to endorse this project for the proposed Shopping Center in the same manner and using the specifications studied by the City Planning Commission. These are technical questions which must be answered to your satisfaction and in supporting Bill No. 320, the Commission is submitting only considerations in which it has competence, the field of human relations.

It is our contention that human relations factors as well as physical and financial matters must be considered, and are considered, in any change of existing zoning laws. In this regard, the proposed Shopping Center meets a very real need in the City of Pittsburgh and particularly in the

Homewood-Brushton area.

The unusual feature of the proposed Shopping Center is that the developer has announced publicly that the available space will be rented on an open occupancy basis. This means that there will be no restrictions upon the tenancy based upon race, color, religion or nationality. It is the experience of the Commission that this is indeed a most unusual circumstance and one which we would hope could spread to other areas.

It is entirely appropriate that the Homewood-Brushton area be the scene of the first such venture. It is a community in transition and such communities need stabilizing influences. For a number of years Negro and white citizens have lived in this area in close proximity and there is a very real desire on the part of many that this community maintain its integrated pattern of living. Unless valiant efforts are put forth, however history will have a tendency to repeat. Demonstrations of faith and goodwill, such as is proposed in the development of this Shopping Center, can do much to counteract and restrain what has heretofore been considered to be the inevitable.

The Commission on Human Relations is interested in Homewood-Brushton as a neighborhood and believes that favorable action on Bill 320 will improve the human relationships in the area.

Respectfully yours,
Commission on Human Relations
George W. Culbertson
Executive Director

N. R. Moor
Co-Chairman
F. C. McKee
Co-Chairman

Which was read, received and filed.

Mr. Weir:

The bill, of course, is obviously somewhat controversial, as zoning changes tend to be. Normally the people of a neighborhood are either

overwhelmingly in favor or overwhelmingly against a zoning change.

From my observation in the hearing, the people of the neighborhood, at least those who presented their views, were somewhat more evenly divided. However, in that situation, I find myself persuaded by the argument now made by the Commission on Human Relations, which had been previously made by some of the people at the meeting.

It is always an unpleasant thing to have to vote contrary to the wishes as to what is a strong section of the community, but there is an equally strong section which is the viewpoint of the Commission on Human Relations, which is composed of people who have made a deep study, which I must respect and causes me to favor the bill.

The Chair:

I would like to ask Mr. Davis a question. In your remarks you stated and pointed out the need for residential property. Is there anybody who is going to build residential property on this site?

Mr. Davis:

Of course, since the property is owned by the developer of this particular property I know of no one who has approached him on building homes. However, after the hearing the last time, one of the ladies who spoke said it was suggested as an alternative that they were going to build a shopping center or low cost houses there.

Mr. Murray Levine:

Mr. President and Members of Council: I don't want to take Council's time, but very briefly, I think as some of you visited the site last Thursday, and it was obvious that the site does not lend itself to public housing. The shopping center is going to be placed on the only part that is solid ground. The remainder of the ground is fill and only suitable for parking area. It does not lend itself for housing. What this gentleman is saying about low cost housing is

utterly hearsay. I have heard nothing to that effect. On the question of housing I don't mind publicly announcing that I personally have taken upon myself the possibilities of replacing the housing I am going to take down. I have taken it up with the Planning Commission and taken it up with the other departments. This is not causing any shortage of houses. As far as Thorofare having another store there, I personally built that and it is about thirty feet by sixty feet and is not one-tenth what Thorofare needs for a super market.

The Chair:

I was out to the site with a number of other Councilmen and I am inclined to feel it is only a dump now, and this improvement would mean something and would put the property on the tax lists. I am firmly convinced, after viewing the site that the City would make no mistake in changing this zoning. The property has been laying there for years and used as a dump.

And the bill as read the second time was agreed to.

And the bill was read a third time and agreed to.

MOTIONS AND RESOLUTIONS

The Chair presented

No. 625

It was with profound sorrow that the Mayor and members of Council learned of the death of Emanuel F. Schifano, a former colleague and friend, on Tuesday, April 17, 1956.

Mr. Schifano was born on the North Side of Pittsburgh, and was educated in Pittsburgh parochial elementary schools and graduated from Allegheny High School.

He attended Pennsylvania State University and the University of Pittsburgh, and received his law degree from Duquesne University.

In high school and college he took an active part in athletics.

During World War I he was in the United States Navy. In World War II he was an Air Force Major and assistant military attache in the American Embassy in Rome. He spoke French and Italian fluently.

In 1926 he became a practicing attorney after teaching at Duquesne University in 1923 and 1924. From 1941 to 1952 he was an Assistant City Solicitor.

He was elected to Council in 1951 and re-elected in 1955, and served in

this body until January 31, 1956, when he was appointed a Judge of the Common Pleas Court of Allegheny County by Governor George M. Leader.

He took an active part in military and civic affairs, and was a member of the American Legion, Veterans of Foreign Wars, Sarah Heinz House Alumni Association, Air Force Reserve, Variety Club, the Allegheny Mountain Association, and the Overbrook Board of Trade. During his term in council he was member of the Board of Trustees of Carnegie Library and also the Better Traffic Committee.

Mr. Schifano was married and the father of one son. He was a loving husband and a good father. He was an outstanding and conscientious public official and a warm and human friend; always ready and willing to co-operate with his fellow-workers and friends.

Therefore, be it

RESOLVED, That the Mayor and the Council of the City of Pittsburgh express their deep sorrow upon his passing; that this resolution be spread upon the record of the Council and that an engrossed copy be forwarded to his bereaved family.

Mr. President: I ask permission to have the Eulogies delivered at the Memorial Services of the Common Pleas Court and the Criminal Court on the death of Judge Schifano, particularly the remarks of Judge Nixon and those of Councilman Rodgers inserted in the record of today's meeting.

Mr. Jones moved

That these remarks be incorporated in the Minutes of Council.

Mr. Rodgers:

Mr. President: I might suggest that when these remarks are incorporated in the Minutes, that the complete record of the Common Pleas Court services and the complete record of the Criminal Court services be included.

And the question recurring on the adoption of the motion, the motion prevailed.

**BENCH AND BAR NOTE PASSING
OF JUDGE SCHIFANO**

(The formal announcement of the death of Judge Emanuel F. Schifano was made in the Court of Common Pleas at 3 o'clock P. M., Friday, April 20. A report of this ceremony follows:)

**IN THE COURT OF
COMMON PLEAS**

April 20, 1956

Before

President Judge

William H. McNaugher

Judge A. Marshall Thompson

JUDGE McNAUGHER:

The Court recognizes Mr. Austin L. George, Chairman of the Committee on Legal History and Biography of the Allegheny County Bar Association.

AUSTIN L. GEORGE, Esquire:

If the Court please, on behalf of the Committee on Legal History and Biography of The Allegheny County Bar Association we make the formal announcement of the death on April 17, 1956, of Judge Emanuel F. Schifano.

We have with us Mr. Joseph A. Beck, the President of The Allegheny County Bar Association. We also have with us Mr. Bennett Rodgers, a member of the Council of the City of Pittsburgh, who was for many years a close friend and associate of Judge Schifano. Mr. Rodgers will make a brief summary of the life and work of Judge Schifano.

BENNETT RODGERS, Esquire:

It is with heavy heart that I stand before the Bar today. The scene before us is in sad contrast to the joyous occasion a scarce six weeks past, when we joined to welcome Judge Schifano to the bench of this Court. Alas, the bright hopes shared by all his friends who gathered here that day, have been overwhelmed by the tragedy which has befallen him.

I must confess that we, who were closely associated with him in the day by day business of city government during the fall and winter, knew that he was not a well man that day. He had had the worry of serious sickness of his wife and boy. Shortly after the strenuous campaign which culminated his re-election to council in November, he had contracted a heavy chest cold and cough, threatening pneumonia. We all advised him to take care of himself and stay home, but such was his devotion to his duties that he continued at his desk throughout the onerous budget hearings which lasted up 'till Christmas. Even then, his worry about his wife and son continued to weigh upon him. It was a bare week after his elevation to the bench that he was stricken with a virus infection, growing out of his prolonged illness. It was then that his doctors were finally able to persuade him to stay at home, but apparently the treatment came too late. The virus infection became worse and worse. He was treated in St. Francis Hospital, but the infection had progressed too far. During the last weeks of his life, he suffered chills, dizzy spells and severe headaches. The pain of these headaches, described by his family and friends, must have been unbearable. These were the symptoms of encephalitis.

Emanuel Frank Schifano was born in the old City of Allegheny, April 6, 1898. After graduation from Allegheny High School, he enrolled at Penn State University, graduating in 1921. He then entered the Law School of Duquesne University, receiving his degree in 1926. It is indicative of his ability, that while a student at Duquesne Law School, he served as an Associate Professor in the University.

After his admission to the Bar in 1926, he put out his shingle and entered upon the general practice of the law. In 1935 he was appointed Chief of Law Enforcement, Bureau of Professional Licensing, of the Commonwealth of Pennsylvania. In 1940 he joined the staff of the City Solicitor's Office; that was my first close, personal association with him. During his years in the City Solicitor's Office, I had an opportunity to observe him and mark the development of his many fine qualities. After the outbreak of the Second World War, Mr. Schifano, already a veteran of the First World War when he had served as an Apprentice Seaman in the Navy, again offered his services to his country. He enlisted in the Army Air Force Intelligence Corps and served in the European, African and Middle East theaters of operation, attaining the rank of Major. During this service, he was the U. S. Government representative on the Allied Screening Commission in Italy. He also served as Assistant Military Attache, American Embassy in Rome.

After the war, he returned to the City Solicitor's Office where he continued to serve with distinction until 1951 when he was elected to Council of the City of Pittsburgh. In City Council, he was appointed Chairman of the important Committee on Public Safety, having in charge all the affairs of the Police and Fire Bureaus and the Bureau of Building Inspection. He also served as a member of the Finance Committee, the Committee on Public Works and other important committees. He was always quick to volunteer to serve on any subcommittees which the President appointed, to investigate and report to the full committee of Council. He was a fine, hard-working councilman; always ready to help in any question which might arise. Because of his war-time service and in connection with his position as Chairman of the Committee on Public Safety, he took the forefront in all matters pertaining to Civil Defense. It was primarily his responsibility to see to the proper installation of our air raid sirens and to act as liaison with the Federal and State Civil Defense agencies. It was

in recognition of his energy and ability that he was selected for elevation to the bench of this Court.

Judge Schifano was not a young man; he had just passed his fifty-eighth birthday, but he was so vital, so active, so forceful in the discharge of his duties, that we all thought of him as a much younger man. He seemed to have many productive years to live and serve. It is a great loss to this Court, to his family and to the people of this County, that Judge Schifano so well fitted by education, by character and by his qualities of head and heart, should be taken from us long before his time.

It is my sorrowful task to move Your Honors to adjourn the business of this Court in respect to the memory of our friend, your associate, Judge Emanuel F. Schifano.

JUDGE McNAUGHER:

Mr. Rodgers, we are indebted to you for the review you have given us of the noteworthy career, both public and private, of Judge Schifano, and the well-deserved tribute you have paid him.

Had it not been for an illness far more serious than any of us supposed, it is evident that the tragedy of last Tuesday would not have occurred.

According to information given us, the ailment began with an infection seemingly mild sometime last fall, and it continued and gradually developed into the dangerous disease which eventually took his life.

Upon assuming his judicial office, Judge Schifano made a valiant effort to get started with his work, but his illness by that time had taken such a hold upon him that he was in a highly nervous state and unable to carry out his duties. After his first month as a Judge he must have realized something of his condition. Thereafter, I am told, he did not accept any salary from the Commonwealth.

We are greatly saddened by the death of our friend and express our deepest sympathy to Mrs. Schifano

and the others of the family. May they have God's comfort to sustain them in their grief and loss.

On the motion of Mr. Rodgers, it is ordered that a minute of this proceeding be entered in our official records, and that we now adjourn until next Monday morning out of respect for the memory of our colleague.

Criminal Court Room No. 1
Wednesday, April 18, 1956

JUDGE CLARENCE B. NIXON
(Presiding):

It is with deep sorrow that I announce the death yesterday of our associate, Judge Schifano. It was a shock to all of us.

I had known Judge Schifano as a lawyer for many years, also as a City Councilman. I was never well acquainted with him. He was sworn in as a Judge on February 1st, 1956, at which time I happened to be the Presiding Judge in Common Pleas Court. He sat with me there for three or four days on the bench and listened to the routine business that comes to the Common Pleas Court. He sat with me a couple of days listening to divorce cases. I particularly remember we had a custody case of a little three-year old child; it was quite bitterly contested between the father and the mother; and during the trial I suggested to Judge Schifano that he preside and I would sit with him. He did an admirable job of presiding during that case and the decision that he reached was a good one.

Then on the 7th of February, I, along with Judge O'Brien and Judge Schifano, were assigned here to Criminal Court. Judge O'Brien presided the month of February. For several days Judge Schifano sat with Judge O'Brien and for several days he sat

with me in Court Room No. 4. During that period of time I learned to know Judge Schifano as a mild-mannered, conscientious Judge. In that short length of time I learned to love the man.

He was to take a case in Court Room No. 3 the next day, but was stricken and had to be taken to the hospital.

When Court adjourns today, we will do so out of respect to the memory of Judge Schifano. I am not yet advised when the funeral services will be held or where, but when they are, it is my thought that we will adjourn Court, this Court, during the time of the funeral; if it is in the morning, we will adjourn in the morning; if it is in the afternoon, we will adjourn in the afternoon.

No. 677

MAYOR'S OFFICE

Pittsburgh, April 30, 1956.

President and Members
City Council
City of Pittsburgh

Gentlemen:

You will recall that several months ago, a young French woman, Mlle. Denise Poulain, visited our city for several days in the interest of having our city take part in an international cultural exchange program between the French and American people.

Under the auspices of Le Monde Bilingue (The Bilingual World) an organization which has the support of the president of the Republic of France and the national Minister of Education, a program has been developed under which a French city is paired or "twinning" with an American City as a vehicle of this cultural exchange.

A number of American cities have already moved ahead on the project, as have cities in England and Canada. Perhaps the most notable of the American cities is York, Pennsylvania, where the interchange has led not merely to correspondence between residents of that city and Arles, its French town, but there has been a stimulation to the study of the languages by school children and a token visit of some of the residents of Arles to York.

In choosing cities for "twinning", efforts are made to link communities which have industrial and cultural similarities, and then to promote this phase of international understanding on the basis of the common interests of the two cities.

During her brief stay in Pittsburgh, Mlle Poulain was able to meet representatives of the Allegheny Conference on Community Development, Chatham College, the head of the French Department at the University of Pittsburgh, the Pittsburgh Chamber of Commerce, the Pittsburgh school systems, several women's clubs, as well as city and county officials. In each instance, the local residents were enthusiastic about the possibilities of "twinning", and indicated that their full support would be forthcoming.

Coming here at the suggestion of Lt. Col. Francis X. Kane, Mlle. Poulain brought a proposal that Pitts-

burgh be "twinning" with Lille, a large city in northern France, which, like this community, has large steel and coal interests.

The Municipal Council of Lille has already passed a resolution to twin with Pittsburgh and expresses their hope that Pittsburgh's Council will take similar action.

I am therefore submitting, for your favorable consideration, the draft of a resolution, setting forth Pittsburgh's desire to "twin" with the City of Lille and authorizing the Mayor to appoint a committee to make the arrangements necessary for this binding together of the two municipalities.

Very truly yours,
David L. Lawrence
Mayor

Which was read, received and filed.

Also
No. 678

WHEREAS, As our world shrinks under the impact of new technology, it is increasingly necessary that there be a broad understanding between the peoples of the various regions and countries in this more intimate and frequent contact; and,

WHEREAS, Under the auspices of Le Monde Bilingue, a French organization which has the support of the President of the Republic of France, a program has been developed of setting up a direct, people to people, cultural exchange, by which a French City is paired off or "twinning" with an American, English or Canadian City, which has industrial and cultural similarities; and,

WHEREAS, Le Monde Bilingue has proposed that Pittsburgh "twin" with Lille, a steel and coal center in northern France, for the purpose of a cultural exchange; and

WHEREAS, The Municipal Council of Lille has adopted a resolution expressing its desire to join in the twinning movement, Therefore, Be it

RESOLVED, That the Mayor and

the Council of the City of Pittsburgh adopt this resolution expressing its desire to participate in this movement to promote international understanding, and that the Mayor be authorized to appoint a broadly representative committee of citizens of this community who will have the responsibility to work out the specific means by which Pittsburgh will take part in this growing movement, which presently enrolls some Seventy French towns with cities in other nations.

No. 733

Pittsburgh, May 7, 1956.

To the President and Members
of the Council
City of Pittsburgh.

Gentlemen:

I hereby tender my resignation as a member of the Council of the City of Pittsburgh, to take effect at the close of business Tuesday, May 8, 1956.

Respectfully,

A. L. Wolk

Which was read.

Mr. Dinan:

Mr. President, I move to accept the resignation of Mr. Wolk as a member of Council.

I am struck with a two-fold thought - and I am sure I am speaking on behalf of the other seven

members of Council - when I say there is happiness in our hearts of the advancement of a great and fine public servant; at the same time, realizing the great loss this Council and the City of Pittsburgh will suffer due to this councilman leaving our midst.

I have been around Pittsburgh for many, many years and knew many councilmen and have high respect for them, but I say, without contradiction, that the man who is tendering his resignation in Council today, is one of the most intelligent and, I think, the best qualified man who ever sat in this Chamber. His attitude and helpfulness towards the other members of Council, I am sure, is deeply appreciated by all of us. We all share sincerely in the high esteem that we have for him. At a time we had a nickname for him and ribbed him on many occasions; but I want to say this, what is Allegheny County's gain is the City of Pittsburgh's loss.

I wish for him many, many years of success in Orphans Court and a long life for him and his family.

Mr. Fagan:

Mr. President, in seconding the motion of Councilman Dinan to accept the resignation of Councilman Wolk, I do so with deep regret. As Mr. Dinan has well said, Councilman Wolk has been one of the outstanding councilmen of the City of Pittsburgh. I say that with all due respect to his predecessors in Council who have been men of high caliber and integrity and prominent citizens in this city.

I know of no man with such great public conscience and ability as Mr. Wolk. I know that he is well qualified for the promotion that he has earned to be a judge of the Orphans Court of Allegheny County. I am sure that when he leaves us there will always be a very happy memory of the days and months and years that we spent with the Chairman of the Finance Committee. There is nobody who grappled or wrestled with the problems of finances of the City of Pittsburgh more than Mr. Wolk, and always in the interest of the citizens of this great community.

A lot of people try to take credit for the elimination of smoke and smog in the City of Pittsburgh. I have previously said that Councilman Wolk is absolutely, definitely and specifically the father of the smoke ordinance, the man who did the pioneering and the research not only in our City but also in St. Louis. I happened to be a member of the original committee appointed to study and recommend to Council the elimination of smoke in Pittsburgh. I was President of the United Mine Workers of America at that time, and accepted appointment to this committee by the late Mayor of Pittsburgh, Cornelius D. Scully and worked with the committee, and I am happy that I have had the privilege of being associated with a man of honesty, ability and integrity.

In my humble opinion Abe Wolk is one of God's noblemen and the salt of the earth, and no matter in what capacity he will serve he will do so in the best interests of the City, County and State. Abe, I hope you will have a long, happy tenure as Judge of Orphans Court, and I hope the Lord's choicest blessings will be upon you. I wish you many years of success.

Mr. Jones:

Mr. President, some few weeks ago I attended a meeting of the Board of Trustees of Carnegie Library and a significant action took place at that meeting indicative of the high esteem that that body has for our departing colleague. The rules of the Board were amended so as to provide for a position of Honorary Trustee, and one of the first recipients of that honor will be Mr. Wolk. I have the feeling that this position was created as a tribute to his services on the Board and their regard for his ability. As I have always said, Mr. Wolk has been one of the outstanding councilmen the City of Pittsburgh has ever had. In his long service to the City, some 18 years or more, he could always be called upon for advice. And if at any time in the future his advice is needed we merely have to go upstairs to him. Mr. Wolk will take to the bench of the Orphans Court a fine

judicial background, having had many years experience as a practicing attorney, and I am sure that his rulings will be fair and impartial. He will add prestige and dignity to the bench. I regard it as a fine privilege to have been associated with him in Council, and I join the rest of my colleagues in wishing him the best of success that he so earnestly deserves.

Mr. Rodgers:

Mr. President, in the years it has been my privilege to serve with Councilman Wolk, I have learned to respect his judgment, his integrity, his industry and his ability, and above all, I would say I have come to love the man. We are going to miss him. I know that he will be a credit to his Associates in Orphans Court. I wish him good luck.

Mr. Gallagher (President):

Members of Council, I just want to say that I endorse all the remarks made by you regarding the resignation of our friend and colleague, A. L. Wolk.

It was my good fortune to be elected a member of Council in 1933 by the people of Pittsburgh and to take my seat in this body on Monday, January 2, 1934. Four years later, on January 3, 1938, after having been elected by the people of our City Mr. Wolk took his seat in Council. It has been my pleasure and honor to serve with him since that time.

During his term in Council he served as Chairman of the Committee on Public Service and Surveys, and since January 6, 1952, he has been Chairman of the Committee on Finance. We are familiar with his work as head of that Committee. His dealings with his colleagues have always been fair and he respected their opinions.

Mr. Wolk has in him rare gifts of loyalty, integrity and unselfishness that inspire the respect and the warm affection of those closest to him. By his own dedication to public service, he inspires others to work far beyond their ordinary capacities.

He is an ideal man for the position he is to undertake. He has immense power. By training and experience he is qualified to perform the exacting duties required of a Judge of the Orphans Court of this great County of ours.

During all his years in Council, he missed few meetings, and only then because of some unavoidable cause, such as sickness.

When Mr. Wolk got a problem, he dedicated himself to it to the exclusion of everything else. That is exemplified in his devotion to the work which brought about the elimination of smoke, the creation of industrial health measures, the establishment and perpetuation of Civic Light Opera, and we hope the culmination of the Public Auditorium.

Mr. Wolk has a rare sense of humor, combined with a temperament that befits him eminently for the judicial duties that he will be called upon to perform.

Mr. Wolk in addition to his legal attainments is an accomplished musician, and on many occasions led in social activities attended by his colleagues.

I know I bespeak the full sentiments of my associates when I say that we wish him a long life in the service of the people. What is the City's loss is the County's gain.

I know that we will miss his genius in guiding the finances of the City; but I am glad for his promotion and wish him long tenure in his high office.

May Divine Providence guide you, Mr. Wolk, in all your future work, and keep you healthy in body and mind.

Mr. Wolk:

Mr. President, my colleagues and Council employees. This is the first time that I deliberately did not prepare to say anything. I usually know what I am going to say. I am so impressed by this expression of friendship to me by my colleagues

that it is difficult for me to express what is in my heart. No man ever sat in a public body who had such a fine relationship with his colleagues as I have. We have had many problems, but my colleagues have always worked so harmoniously; even at times when they disagreed for what they thought was the best interest of the people of Pittsburgh. Before I forget it I want to say to you gentlemen of the press and the newspaper you represent, 18 years and over 4 months is a long period of time. My relationship with your newspapers and with the men who represent these newspapers throughout the years has been a very, very happy one. Your papers and their representatives have been very, very fair with me, and, in a sense, helped me indirectly if I have been able to accomplish any good in this community. I want you gentlemen to know this.

Also, the employees of Council, Mr. Boxheimer, Mr. Rudick and all the employees of Council, every single one of them throughout the years have been very cooperative with me.

But what shall I say to these, my friends in Council, they have been real friends. I have a real affection for each and every one of them. They have been so kind to me. I have had no desire but to try to perform the duties of my office as well as my ability would allow. They have done likewise, and as for myself personally, they have worked in harmony with me. Yes, they have even given me credit when I did not deserve it. They have been that kind to me. And even though I leave here tomorrow, and I hope to do everything in my power to merit the confidence that has been expressed by my friends here when I go on the bench my heart will always be with you men.

Let me say this before I sit down. We are living in a period of progress in the history of Pittsburgh. It is sometimes forgotten. I am speaking to all the members of this Council. This body has given so much of the progress that is now making Pittsburgh the outstanding city in the United States. This body deserves great credit. I do not want to repeat

the many things that are going on that require the support of this Council before they can take effect. I have been to other cities, I have talked to people elsewhere, I have heard remarks about councilmen in other cities; but I want this to go in the record, my friends of the press, I have known these men, I met with them day in and day out, they are men of the highest integrity, they have only one concern, to do what they think is best for the people of Pittsburgh. I think the people of Pittsburgh are to be congratulated in having this high standard of public servants.

All I can say to you, my good friends, I will never forget my association with you, and if ever I can be of any help to you, I want you to know that I am always at your service.

MOTIONS AND RESOLUTIONS

The Chair

The members of Council, together with the Mayor, will now proceed to elect a member of Council to fill the vacancy caused by the resignation of A. L. Wolk.

The Mayor, under the law, is entitled to a vote in an election to fill a vacancy in Council.

I appoint Mressrs. Fagan and Jones to escort the Mayor to the Council Chamber.

And the Committee having returned with Mayor David L. Lawrence, the Chair invited the Mayor of the City of Pittsburgh to a seat on the rostrum.

The Chair:

The Committee is discharged with the thanks of Council.

The Clerk will call the roll.

Present:—

Mr. Counahan Mr. Jones
Mrs. D'Ascenzo Mr. Rodgers
Mr. Dinan Mr. Weir
Mr. Fagan Mr. Gallagher (Pres't)
Hon. David L. Lawrence, Mayor.

The Chair:

The order of business before the body now is the election of a member of Council to fill the vacancy caused by the resignation of A. L. Wolk.

Nominations are in order.

Mr. Dinan:

Mr. President, Fellow Members of Council, Mayor Lawrence, County Officials, City Officials, Members of the Judiciary and Ladies and Gentlemen:

To fill the position in City Council made vacant by the resignation of A. L. Wolk is hardly an easy or a casual task.

Abe Wolk was a great strength in this body, the source of ideas, the guide for action, the pace-setter for initiative and hard work.

We share his happiness and his pride in his new responsibility as Judge of the Orphans' Court, but we now face the duty of selecting a man to take his place among us in this legislative body.

Certainly, any successor to Abe Wolk will find himself hard-put to equal the great and valuable contributions which Judge Wolk made to this community during his service as a member of City Council.

It is an uncommon responsibility -- an uncommon pattern of high conduct which was set by this remarkable man.

I am happy in the knowledge that Pittsburgh has another citizen who has many of the same attributes as Judge Wolk, much of his interests, much of his industry, much of his clarity of thought and forcefulness of action.

The man whose name I wish to place in nomination has served in public office since 1936, when he began to work for the Election Bureau of Allegheny County. In the years which have passed since that time, he became head of that Bureau, a member of the Allegheny County Sanitary Authority, on which he still serves, and, more recently, Director of the Department of Public Safety for the City of Pittsburgh.

In these positions of responsibility and public trust, David Olbum has performed with outstanding capability and with unusual ability.

Because of my personal association with Dave Olbum since he began his public career, I know his accomplishments perhaps as well as anyone.

But his record as a governmental official is more widely known than simply to a small group of friends and associates.

His knowledge of the election laws of this County and State is respected and drawn upon by lawyers and public officials throughout Pennsylvania.

His service on the Allegheny County Sanitary Authority, now in the process of constructing the multi million dollar sewage disposal system, has prompted that group to get underway on this largest public works project in the history of this County.

As Director of Public Safety during the past year and a half, he has demonstrated to all the citizens of Pittsburgh his energy and his skill as an Administrator of one of the most sensitive and important activities of local government.

As a lawyer, he is admired and respected in his profession.

As a public official, he has earned the confidence and the admiration of his colleagues in government and of every group who knows his accomplishments and his concept of public service.

As a Pittsburgher, he knows and loves this City, understands its problems and enthusiastically works for its ever-broadening improvement.

As a liberal, he respects his fellowmen, defends their rights and seeks their economic, social, and political progress in a better Pittsburgh, and a better America.

In every respect, he has proven his value to this community and to its efforts to rebuild on a fuller, more equitable scale.

In every respect, he has brought

honor to the Police Service and distinction to the Democratic Party to which he has an allegiance made firm and determined by his ideals and by his principles.

In every respect, he has brought pride to his family and to his City, through his public activities and through his personal conduct.

As difficult as it is to fill the position of Abe Wolk on this Council, I can think of no one who would more readily accept the challenge and more assuredly live up to the great achievements of his predecessor, than David Olbum.

He has brought credit to every public office he has held, to his family, to Pittsburgh, and to this Democratic Party.

He will bring credit, too, to this council, where his knowledge, his experience, his vigor and his foresight will be a strength and a guide for all of us.

I am pleased and proud to place in nomination for membership in City Council the name of David Olbum, whose qualifications and background ideally fit him for this honor and this responsibility.

Mayor Lawrence:

Mr. President, Members of Council, Ladies and Gentlemen:

The nomination of David Olbum to be a member of this Council, an action which I am happy to second, means that this legislative body will be assured of the intelligence, the alertness, the experience, and the vigor of this man whose public career has been of great credit to Dave Olbum, himself, and to the Democratic Party, as well.

To take the place of Judge A. L. Wolk in this Council is no simple or little responsibility.

I know of no one whose capacities and whose abilities better qualify him for this responsibility than Dave Olbum.

His experience in government, his

alertness to the issues of the day, his insight into the needs and the problems which face this community make him an ideal person to sit in this Body and to join with you in passing upon matters which affect this entire community, now and in the future years.

His predecessor has set a proud and outstanding record of achievement to serve as a guide for Dave Olbum's conduct and his actions as a City Councilman.

Abe Wolk was a Councilman, whose boldness of thought and decisiveness of action helped to bring new greatness to this City and new hope to the hearts and minds of its citizens.

Tireless in his efforts for community betterment, zealous in his respect for his public trust, inventive in his attack upon municipal problems, Abe Wolk never limited himself to one phase of civic activity or to a single aspect of public service.

Some refer to him as the Father of Smoke Control, and certainly he deserves that distinction.

Others think of him as one of the most potent influences for improvements in the Public Health Program throughout Pennsylvania, and he earned that position in the community also.

There are still others who count high among his achievements his work to bring to Pittsburgh the Civic Light Opera and his enlightened drive for the cultural advancement of this huge metropolitan area.

He did that, also.

Municipal finance, Public Libraries, Parks and Playgrounds, City Planning and Urban Redevelopment - - all these aspects of Pittsburgh's civic and public life have been improved and vitalized because of Abe Wolk's interest, his thought and his work, his energy and his determination, his wisdom and his capacity to get things done.

In my many years of activity in political and public affairs, I can think of no man who has brought more accomplishment to community improvement and more honor to governmental service than Abe Wolk.

His love for this City and its people has been given substance and real meaning by his service as a member of City Council.

His devotion to this Country, especially to its principles of human dignity and human decency, has been a guiding force in his public actions and in his whole philosophy of life.

The harder the job, the more difficult the problem, the greater the challenge, the more Abe Wolk is energized to face up to the task and to push through to success.

His service on this Council, during these past 18 and a half years, has produced achievements and accomplishments which are as large in number as they are diversified in character.

Pittsburgh has grown greater because of Abe Wolk.

Pittsburgh has become a better community for living and for working because of Abe Wolk.

The future of this City is brighter, more full of great expectations, more optimistic and confident because of Abe Wolk.

His integrity of thought and action and his devotion to his fellow men have made Judge Wolk one of Pittsburgh's first citizens, an honor he accepts as a responsibility to keep working, to keep building, to keep moving forward toward new community goals.

To succeed this man in City Council means to find inspiration as well as to face a high standard of public service.

I am confident that David Olbum, in temperament, in intellect, in perception, and in decisiveness, will follow that inspiration and seek that standard.

I am confident, also, that his election to this council will bring continuing strength of purpose and energy of action to carry forward the work of community growth and progress to which Judge Wolk, this Council, and this City have devoted themselves with outstanding effect and with

prideful success.

I am happy to second the nomination of David Olbum to be a member of the Council of the City of Pittsburgh.

The Chair:

Are there any further nominations?

Mr. Rodgers moved

That the nominations close on the name of David Olbum.

(Seconded by Mr. Weir).

And on the question, the Chair declared the ayes to have it, and the nominations closed.

The Chair:

The question is on the election of David Olbum to be a member of Council to fill a vacancy for the unexpired term until the next Municipal Election.

On the election of Mr. Olbum, the Clerk will call the roll.

And the roll having been called, the votes for Mr. Olbum were as follows:

Mr. Counahan	Mr. Rodgers
Mrs. D'Ascenzo	Mr. Weir
Mr. Dinan	Mr. Gallagher (Pres't)
Mr. Fagan	Mayor Lawrence
Mr. Jones	

And David Olbum having received all of the votes of the members of Council present, constituting a majority, and the vote of the Mayor, is duly elected to fill the unexpired term of Mr. Wolk, resigned, in accordance with the provisions of the Act of Assembly approved May 31, 1911.

And the Chair appointed as a Committee to escort the member-elect to the Chamber for the purpose of having the oath of office administered to him, Messrs. Dinan and Counahan.

And the Committee having returned with the member-elect, was discharged with the thanks of Council.

And David Olbum took and subscribed to the oath of office, which was administered to him by President Gallagher.

The Chair:

The Chair recognizes Councilman Olbum.

Mr. Olbum:

Mr. President, Mayor Lawrence, Members of Council, Distinguished Guests and Friends:

Unaccustomed as I am to public speaking, I can not say that it was a close fight nor that I am surprised by the result. Laboring under the handicap of not having heard everything that was said about me in this room behind my back, I shall nevertheless accede to what I understand to be the tradition of Council for newly elected members to speak briefly upon their induction into this body.

I am grateful, of course, to Mayor Lawrence and to the members of this Council, who, by their action here this afternoon have manifested a confidence in me of which I am completely aware. I have known and respected the members of Council for many years, and I am sure that our relationship will be a wholly satisfying and enjoyable one.

I am grateful to Mayor Lawrence for having accorded to me the privilege during the past sixteen and one-half months of directing the affairs of the Department of Public Safety, for his many acts of kindness toward me over a period of many years, and for having strayed from his busy routine on many occasions to speak graciously and flatteringly about me.

I can not let this occasion pass without expressing my gratitude to the employees of the Department of Public Safety, for whom, in a relatively short period of time, I have developed a deep affection, attachment and regard. Their kindness and cordiality toward me, and the cooperation they extended to me have far exceeded anything I had any right or reason to expect, and have resulted in what, to

me at least, has been a very rich and warm and extremely satisfying experience. And that applies to the Chief Clerk of the Department, to the employees of the General Office, to the heads of all the Bureaus, and to the rank and file of the more than three thousand employees of the Department of Public Safety.

I must also express at this time my deep gratitude to the perennial Chairman of the Board of County Commissioners, Commissioner John J. Kane, and the late Commissioner George Rankin, Jr., who twenty years ago appointed me to my first public office in the Department of Elections of this County, and then later to the position of Member of the Board of the Allegheny County Sanitary Authority. It was under these two outstanding tutors that I served my apprenticeship in public life, and I shall always be grateful for their kindness and consideration to me.

I must also express my gratitude to the Democratic Party, which has served as the vehicle through which I have been permitted to make some modest contribution to public life in this community, the mere mention of which is of course an act of immodesty on my part.

I am very happy that many of my family are able to be here to witness these proceedings. For years I have boasted that at an extremely early age I demonstrated a singular and amazing intelligence in my selection of a mother and father, both of whom are here today. A few years later, and at not quite so early an age, I again demonstrated this amazing intelligence by selecting a wife, who for many years now has been more tolerant and understanding toward me than the laws or the judicial decisions of this Commonwealth require a wife to be.

I am grateful to my friends who have inconvenienced themselves by coming here today, and to many others who are unable to be here, but who have expressed themselves to me in person.

For all of these things, and for

the many countless blessings I have received from the God who is the Father of us all, I am deeply grateful.

I assure you, Mayor Lawrence and the members of Council, that I am deeply mindful of the responsibility which I assume by becoming a member of this body. I am also mindful of the fact that I succeed a man who has spent a long and distinguished career as a member of Council, a man whose position will be difficult to fill, a man who has been deeply dedicated and devoted to the welfare of this City and of its citizens. I look forward, of course, to my participation in the legislative branch of the government of the City of Pittsburgh during what assuredly is the most exciting and electrifying period in the history of this City, in the midst of a program of municipal rebirth and rehabilitation probably unparalleled in the history of our Country, a program which is receiving national and international acclaim.

I hope, Mayor Lawrence and members of Council, that by my behavior in this body I shall prove myself worthy of your confidence. Thank you very much.

The Chair:

I want to say on behalf of the members of Council that we welcome David Oibum. All of us have known him for many years, and for the past seventeen months has served as the Director of the Department of Public Safety, a position in which he served well. I believe, by reason of that relationship, I can bear witness to his many qualities of mind and character. He is energetic, capable, conscientious, and will be of valued service to the people of Pittsburgh as a member of this body.

I think he possesses those qualities which will make him a most able Councilman and will compensate in a degree for the loss which has been occasioned by the departure of our able colleague, Mr. Wolk.

Permit me, as your Presiding Officer, to offer my congratulations to you and wish for you a long tenure

in office. And it is my wish that the citizens of this City of ours will put their stamp of approval upon our action by electing you to the unexpired term in Council in 1957.

The Chair at this time wishes to make the following appointments:

Mr. Dinan as Chairman of the Committee on Finance.

Mr. Olbum as Chairman of the Committee on Public Safety.

Mr. Jones (in addition to his Chairmanship of the Committee on Public Service and Surveys) as Chairman of the newly created Committee - Committee on Planning and Redevelopment.

Mrs. D'Ascenzo as a member of the Board of Trustees of Carnegie Library.

MAYOR'S OFFICE

Pittsburgh, July 10, 1956

President and Members

City Council

City of Pittsburgh

Gentlemen:

I have the honor to submit, herewith, a program for capital improvements to facilities of the City of Pittsburgh. It is for a period of five years, beginning in 1957 and continuing through 1961.

In this five-year period, the city would finance projects totaling \$43,560,000. In effect, we are setting up a capital budget to outline, guide, and control the city's schedule of capital improvements.

It is customary for Pittsburgh and most units of government to use funds derived from the sale of bonds to finance capital outlays whose benefits extend over a long period of time. This program will draw upon the

bonding power of the city, but it will not call for the issuance of the full amount (\$43,560,000) in municipal bonds.

The Department of Water will finance \$3,860,000 in capital improvements from the current revenues of the water supply system.

The County of Allegheny will make a grant-in-aid of \$2,500,000 to the city as reimbursement of part of the construction costs of the Cross-town Thoroughfare.

The Commonwealth of Pennsylvania will contribute at least \$500,000 in grants-in-aid to the city's redevelopment and renewal program.

Approximately \$700,000 will become available for application to the program from the unspent balances of existing bond accounts.

The total, therefore, for new bonds to be issued is \$36,000,000.

Of this amount, \$6,000,000 will be in bonds issued upon the authority of City Council alone. As you know, the Constitution of Pennsylvania limits the power of municipalities to issue bonds, without the consent of the electors, to two per cent of the total assessed valuations. Under this limitation, the councilmanic credit cannot, in itself, finance the program which now is necessary for the city's continued progress and development.

We must quite properly submit to the voters of the city a proposal which will permit the issuance of \$30,000,000 in People's bonds. With the consent of the electors, we will have an ample borrowing capacity to execute the recommended program.

The last vote in Pittsburgh on a bond issue was in September 1947, when the electors by a large majority approved a request for bonding power up to \$21,000,000.

The authorization now suggested comes after an interval of nine years. We are not, I think, crowding ourselves, proceeding too hastily, or asking our people to over-extend their municipal credit.

It should be remembered that the

new bonds will be issued over a five-year period, and will be offset to some degree by the scheduled retirements of existing city debt.

The program will produce the following fiscal results:

1. There will be an increase in the city's outstanding gross bonded indebtedness of \$10,361,800, from \$47,292,300 at December 31, 1955 to \$57,654,100 on December 31, 1961.

2. Despite this increase in the indebtedness, the city's annual requirements for debt service will remain relatively stable. The average of the annual amounts required for debt service will actually be less than the amount paid in 1956. At its highest, the debt service requirement will be no more than \$200,000 greater than the 1956 figure.

3. Because debt service will remain stable, the bond issue in itself will require no increase in taxes.

4. The councilmanic borrowing capacity of the city will be husbanded by the program, and the People's borrowing capacity will remain ample at all times.

It is clear that this capital budget can be carried out without jeopardy to the city's finances. The detailed projections are provided in the accompanying tables. An interest rate of 2½ per cent has been assumed, which is actually more than the current rate at which the city borrows.

The fiscal soundness of the program is of course fundamental.

But to justify it, the physical planning must be equally sound. We must know that the projects proposed are necessary and desirable; that they are arranged in a sensible order of priority; that the various functions of municipal government have received a proper apportionment of the funds; that the program is one which will contribute to the continued progress of Pittsburgh and the rising living standards of its people.

The published reports of the Capital Improvement Committee prove, I believe, the critical analysis and painstaking study which has been given to

the program. The Mayor's Office gave further review to the recommendations. As a result, we have a thoroughly documented series of proposals, more carefully considered than any capital program previously submitted to the people of this city.

It is not by any means an extravagant program in terms of money, time, or practicality; nor is it so tightly drawn as to be unrealistic several years from now. We do not believe that we have anticipated every public improvement need of the next five years, but we do believe the program is broad enough in scope and sufficiently flexible to make any necessary adjustments.

We have necessarily built the program on the basis of present costs.

The work recommended falls into three major categories:

The first is straight housekeeping—the replacement of wornout sewers, streets, water lines, fire houses, and so on. These things have a measurable life, and must be replaced after fifty or seventy-five years of use.

The second is modernization. Local government must adapt its procedures to new techniques just as industry does. Otherwise, we become hopelessly inefficient and wasteful. The electrification of the water system's pumping stations; the installation of a water clarifier; the use of improved traffic control equipment are examples.

The third is the sweeping public improvement program which has made Pittsburgh's civic progress an example for the nation. This must be continued through the extension of urban redevelopment and renewal into still more areas of the city, by the city's participation in major highway improvements, by the development of the public auditorium.

This capital improvement program includes all of these objectives.

I think it deserves the support of the City Council and of the voters of Pittsburgh.

I believe further that it should

be considered as a non-partisan program for the advancement of the city, and that it should be kept apart from the political strife and turmoil of this national election year.

Consequently, I suggest that the election at which the bond issue is considered be a special election, apart from the presidential contest in November. Therefore, I am transmitting a draft ordinance for introduction which provides for a special election on September 11, 1956, at which the electors of the City of Pittsburgh will have the opportunity of voting "yes" or "no" to a proposal to increase the city's indebtedness by \$30,000,000.

It appears to me that the extra cost of a special election is justified by the importance of the question to be decided.

The date of September 11 is suggested because it is at the end of the vacation season when most Pittsburghers will have returned to their homes, and because it falls in the interval between the national nominating conventions and the actual start of the presidential campaign. It is a time when we can concentrate on a local question with a minimum of distraction and a maximum of participation.

I am sure that Council will weigh a proposal of this magnitude with the careful gravity which it deserves. I also trust that its action will come in sufficient time to place the question on the ballot on the day suggested, and to permit the fullest possible public discussion of the issues involved in a capital budget and program of this magnitude.

The reports of the Capital Improvement Committee have been made public as they were sent to my office, and have received excellent coverage in the Pittsburgh newspapers. I think we should all be anxious to bring as much information as we can to the people of the city, and to do our best to make sure that the vote—when taken—is based on complete understanding.

As Mayor of Pittsburgh, I consider the program in its substance to

be vital to our continued progress and will do all that I can to set it forth in the terms of our necessities.

I hope that the Council will find it in the best interests of the city, and that every citizen and civic organization will undertake a conscientious study of the proposals.

Very truly yours,
David L. Lawrence
Mayor

DEPARTMENT OF LAW

July 6, 1956

Finance Committee
City Council
City of Pittsburgh

In re: Sale of Water Lines to City
of Pittsburgh by Belmar Gardens,
Inc.—Bill No. 95

Gentlemen.

On January 24, 1956, your Committee requested a report from this Department with respect to a proposed ordinance authorizing the purchase of water lines located in Tilden Street and Vann Road in the Twelfth Ward, from Belmar Gardens, Inc., which had constructed an FHA housing project. The ordinance in its present form provides that payment of the purchase price should be made to the Belmar Gardens Corporation.

Our investigation at that time disclosed that the proper disposition of the purchase money for the water lines was in dispute. Belmar Gardens, Inc., is a non-profit corporation which was created for the purpose of constructing a housing project in the Twelfth Ward with loans insured by the Federal Housing Administration. Belmar Gardens is not the owner of the land on which the project has been constructed but is lessee under a long term lease from one William Brafman who subsequently conveyed his interest in the land to the Brafshawl Holding Corporation, a New York corporation.

The general contractor on the project was the Wilgene Construction Corporation operated by Mr. Nicholas LeDonne. His sub-contractor, the Stanton Construction Company, installed the water lines. Final payment to the contractor has been held up because of a dispute as to responsibility for

a slide which occurred in connection with construction of the housing project, and negotiations were going on for a number of months between the various parties and the sureties on the construction contract.

Various assignments of the right to the proceeds from the prospective sale of the water lines to the City have been made by William Brafman to the general contractor and to a McKeesport bank, apparently with the approval of Belmar Gardens.

This Department advised the parties seeking to consummate the sale of the water lines that we would not recommend approval of legislation authorizing the sale until it was possible for all of the parties to enter into an agreement as to the proper disposition of the proceeds which may be received from the sale of the water lines to the City.

By letter dated June 15, 1956, counsel for the general contractor advised this Department that a general settlement agreement had been executed by all parties involved in the Belmar Gardens matter, including Belmar Gardens, Inc., William Brafman and Brafshawl Holding Corporation (former owner and present owners of the land on which the project is located), the general contractor and sub-contractor who were responsible for installation of the water lines, and the Manufacturers Casualty Insurance Company, a Pennsylvania corporation, and its subsidiary, the Pacific National Fire Insurance Company, a California corporation, who were the sureties on the construction contract. Contemporaneously with the general settlement agreement, the parties executed a bill of sale of the water lines to the City of Pittsburgh in which they all approve the sale and request payment of the purchase price to the surety companies above named. By a separate letter the surety companies have agreed to distribute the \$26,326.20, which the Department of Water has recommended be paid for the water lines, to Stanton Construction Company (\$8,565.20), and the First National Bank of McKeesport (\$17,761). The McKeesport bank, which as indicated above was an assignee of part of the water line purchase money

which the parties expected to receive from the City, has advised the City Controller in writing that payment of the money to the sureties would relieve the City of any liability which it may have had in view of the said assignment.

We have examined the proposed bill of sale executed by the parties and we find that it is in proper form to convey a good title to the water lines to the City, provided authorization for the purchase is granted by Council.

If your Committee determines to take favorable action to authorize the purchase of the water lines, Bill No. 95, which is the ordinance introduced to authorize the purchase, may be enacted in its present form except for the following:

(1) In the title after the word "developers," insert "and other parties in interest,"

(2) In Section 1 after the word "developers," insert "and other parties in interest,"

(3) In Section 2 the name of the payee should be changed from Belmar Gardens, Inc., to "Manufacturers Casualty Insurance Company and Pacific National Fire Insurance Company."

Very truly yours,
J. F. McKenna, Jr.,
City Solicitor

In re: Bill No. 1104—Resolution authorizing City's jointure with the Urban Redevelopment Authority in application for grant of Federal funds to finance Renewal Surveys in East Liberty area

Gentlemen:

The Federal Housing Act of 1949, providing for Federal funds to assist in the rehabilitation of blighted or slum areas, was amended in 1954 to provide municipalities with funds to be used to prevent the spread of slums and the removal of urban blight. Under the 1949 Act funds were available to eliminate an area already deteriorated into a slum. The 1954 amendment makes funds available for the rehabilitation of an area deteriorating toward, but not yet reaching, the slum classification. This amendment also provides funds for the renewal of deteriorated municipal facilities. These latter funds may be used by the municipality in the change of street patterns, sewers, water lines, buildings and other municipal facilities.

Bill No. 1104 is an application for Federal funds to be used for studies and surveys of the area defined. It does not commit the City to the present expenditures of any funds nor does it commit the City to any construction program. It does acknowledge that if subsequently upon proof of the merit of its program, the City receives a Federal grant in aid of construction, it will appropriate and spend an amount equal to one-half of the Federal grant.

The area to be surveyed is in part slum (40%) and for the survey and removal of this portion, funds under the act may only be granted to Urban Redevelopment Authority. For the work in the area involving municipal facilities, the funds therefore are granted to the municipality. Since both classes of work exist in the area, the application for funds must be made by Urban Redevelopment Authority and the City of Pittsburgh.

We have examined the Bill No. 1104, find it to be in proper form and believe its passage to be in the best interest of the City of Pittsburgh.

VACATING MAPLE WAY

COUNCIL BILL NO. 1111(56)—
Communication from Dept. Public Works dated July 9, 1956, transmitting proposed ordinance vacating Maple Way between Lots 89 & 90 in the Johnston Plan of Lots, from Youghioghenny St. to its northerly terminus. 28th Ward.

The Planning Commission, at its meeting of July 17th considered your request by letter of July 12th, for a report and recommendation on the proposed vacation of MAPLE WAY.

MAPLE WAY is understood to be listed as one of the public streets vacated by Sheraden Borough before the area was annexed to the City. However, if it has now been determined that some public interest in the Way still exists in the name of the City and hence the current legislation is necessary to extinguish same, it can be considered in terms of current public needs.

The only possible public need known at this time relates to the future extension of STANHOPE STREET from W. carson Street to Wind Gap Road. As you may recall, adequate access into McNeil property (old McGunnegle property) from W. Carson Street has been under consideration on the basis of a 70-foot Right-of-Way.

The relocation and widening of Stanhope Street, to serve the new industrial uses (J. Kenny Transfer Co., W. J. Beitler Co., and Hall Transfer Co.) in the McNeil property, would be a first-stage improvement. Later extension of the improvement to Wind Gap Road would be a second step in creating an adequate low-level industrial route through the Chartiers Valley.

Although this second stage is still in the planning phase, it does appear that Youghioghenny Street may be used to bring the route into Wind Gap Avenue.

The Planning Commission therefore

recommends that the proposed vacation begin at a point 20 feet north of the north line of Youghioghenny Street, so as to preserve a 70 foot width (Youghioghenny St. is 50 feet wide) for possible future street purposes in connection with STANHOPE STREET EXTENSION.

Yours very truly,
C. Ronal Woods,
Planing Director

Mr. President and Members of Council: We just adopted a resolution in memory of a great newspaper man, Mr. Naylor. In our midst and in our association here, as a member of Council, I would like to welcome a man who is succeeding Mr. Naylor. He is a young man in years. I have made it a practice of not keeping any secrets from my colleagues in Council. This young man is not a stranger to me. When I was Treasurer of Allegheny County he spent much time in the Treasurer's office. So much so that I became suspicious and wondered if something was wrong. But in my employ was a beautiful young lady named Miss McElroy, who is now Mrs. Allen. In behalf of myself and the other members of Council, I want to welcome him to our midst and hope he enjoys the company and friendship of Council.

MOTIONS AND RESOLUTIONS

Mr. Dinan:

Mr. President: This body has just passed some very important legislation today, and as one member of Council, I appreciate the appearance of the civic groups at the Council hearing in behalf of the Thirty Million Dollar Bond Issue, which will come before the electors on September 11th. I also deeply appreciate the fine editorials

in today's Pittsburgh Post-Gazette in behalf of the proposed bond issue to win public support.

I hope, also, that the civic groups that appeared here will give all the support they can, because it has far reaching effect on the re-birth of Pittsburgh, which we see before our very eyes and enjoy.

With the help of the voters of the City of Pittsburgh we will further advance that which has already been done and is being done, to make Pittsburgh a better place in which to live, work and raise our families.

Mr. Dinan moved

That the editorial in the Pittsburgh Post Gazette of July 26, 1956, on the Proposed Bond Issue be made a part of the record.

Mr. Jones:

The Bond Issue has received the endorsement of all three newspapers. When the report was released from the Mayor's Capital Improvement Committee comment was very favorable by the other two newspapers.

Mr. Dinan:

I appreciate that, and I am not favoring any particular newspaper, and I want it understood, this editorial appeared today. I do not have the other editorials with me or I would ask that they be included.

The Chair:

I think Mr. Jones is correct, because immediately after the release of the Mayor's message on the proposed thirty million dollar bond issue the other papers commented favorably.

Mr. Dinan:

Mr. President: I agree heartily, and I would be the last person to fall out with the newspapers.

And the question recurring on the adoption of the motion, the motion prevailed.

PROPOSED BOND ISSUE WINS PUBLIC SUPPORT

Public reaction at a City Council hearing suggests that Mayor Lawrence's proposed \$30 million people's bond issue will meet a favorable response at a special election next September 11.

Of a dozen community groups represented at a hearing this week, only one—Allegheny County League of Women Voters—expressed outright disapproval. The others approved the program, some of them with minor reservations.

In all, the Mayor proposes to spend \$43,560,00 on a wide range of capital improvements over five years beginning in 1957 and continuing through 1961. Of the total, \$30 million would be in people's bonds, \$6 million would be in councilmanic bonds (which do not require a referendum), Department of Water revenues would finance \$3,860,000, and another \$3.7 million would come from State and County grants-in-aid from unspent balances of existing bond accounts.

Most if not all of the projects outlined by the Mayor's Capital Improvements Committee are desirable; some of them, indeed, are unavoidable. The City is already committed to some of the projects including a share in the cost of the lower Hill District redevelopment, the crosstown thoroughfare, and a rehabilitation of the water system.

Unless bonds are issued, so that costs can be financed over a period of years, projects to which the City is already committed would have to be financed out of the operating budget. That would almost certainly require an increase in taxes.

But the Mayor argues that a bond issue will permit financing of the improvements without a tax increase. That is to say, debt service will not, in itself, require higher taxes. Having been burned on the wage tax, the Mayor is careful these days to avoid any promise that higher taxes will not, under any circumstances, prove necessary in the future.

The Mayor explained to Council that there will be an increase in the

City's outstanding gross bonded indebtedness of \$10,361,800, or from \$47,292,300 on December 31, 1955, to \$57,654,100 on December 31, 1961. Despite the increase, the City's annual debt service requirements will remain relatively stable. That is why no tax increase for debt service is contemplated.

On the face of it, that doesn't sound plausible. But there is no trick in it. This situation simply reflects the fact that the City is retiring at the same time 30-year bonds, at interest rates of 4 and one-fourth per cent, and later 20-year bonds at interest rates of from one to two and one-half per cent. There is an overlapping between these bonds, with the last of the 30-year ones to be retired in 1961. These retirements make it possible to assume new obligations without a substantial increase in debt service.

The proposed improvements are essentially of two kinds. One category embraces items like new fire houses, road building and repairs, and water system rehabilitation—housekeeping items which must be provided if the City is to function efficiently.

The other includes items like the City's share of the cost of a new auditorium, better park and playground facilities, and library improvements. These social and cultural projects are just as important and justifiable as the housekeeping items.

We believe that there is a legitimate need for the proposed capital improvements and that the people of Pittsburgh can afford them. Private interests and the State have in recent years spent many millions of dollars on the rehabilitation of this district. Now the time has come for the City to provide funds to help keep the redevelopment program going. A bond issue offers the most sensible means of financing the program.

Mr. Dinan moved

That the Council adjourn.

Which motion prevailed.

MOTIONS AND RESOLUTIONS

Mr. Jones:

Mr. President: A Sub-Committee consisting of Messrs. Olbum, Rodgers and myself wishes to present the following resolution:

Mr. Jones presented

No. 1509

WHEREAS, The Citizens of Pittsburgh have sufficient reason to take pride in the accomplishments of the renaissance program which has been undertaken here in the past decade; and,

WHEREAS, The Golden Triangle Association and the Building Owners and Managers Association have chosen to highlight the downtown improvements by a dramatic building lighting program staged to coincide with Constitution Day; and,

WHEREAS, This outstanding display attracted widespread attention to the City of Pittsburgh and reflected credit to all those whose efforts have helped bring about the many improvements which support the designation of Pittsburgh as the Renaissance City of America, Now, Therefore, be it

RESOLVED, That the Mayor and the Council of the City of Pittsburgh do hereby officially congratulate the Golden Triangle Association and the Building Owners and Managers Association for sponsoring the Downtown building lighting program of September 17, 1956, to call attention to beauty and attractiveness of one of the key areas in our widespread local improvement program.

Which was read.

Mr. Jones moved

The adoption of the resolution, and that a copy be sent to the Golden Triangle Association and to the Building Owners and Managers Association.

Which motion prevailed.

Mr. Dinan moved

That the Committee be discharged, with thanks.

Which motion prevailed.

Mr. Dinan:

Mr. President: This is not exactly a resolution or a motion, but I am sure I speak in behalf of my eight colleagues in Council because I read with pride and great satisfaction of the great tribute paid to one of our members while attending a convention of the Steel Workers of America in the great State of California recently.

I know that my other colleagues and myself feel it was quite an honor President McDonald of the Steel Workers bestowed upon one of our colleagues by having him preside over a meeting and presenting him with the gavel, and paying great tribute to him.

There are some things we know but there are also some things that the people of Pittsburgh and Allegheny County do not know about him. He was one of the original members of the organizing committee of the Steel Workers of America. He was a labor leader in the labor movement when it was very unpopular to be in the labor movement. He has done great credit to himself and to his family in his public life over the many years, and I think his colleagues should give him a rising vote of thanks for the fine compliment paid him by President McDonald of the National Organization of Steel Workers.

Mr. Fagan, may the Lord's choicest blessings be upon you.

The Chair:

We all agree with your remarks, Mr. Dinan, and comply with your wishes, that we give brother Fagan a rising vote of thanks.

And a rising vote of thanks was given Mr. Fagan.

Mr. Fagan:

Mr. President, Ladies and Gentlemen: I certainly appreciate the fine, glowing remarks of my friend, Charles Dinan, and for the confidence

the Pittsburgh City Council has in me.

It is true that I was a member of the national committee that organized the steel workers, and I gave of my time, efforts and energy and whatever the United Mine Workers could spare in order to carry on this campaign.

I had the honor and pleasure of presiding over the first public meeting that was held in July of 1936, at Munhall, Pennsylvania, when for the first time a Lieutenant Governor of the Commonwealth of Pennsylvania was the principal speaker. Thomas Kennedy was then the Lieutenant Governor of Pennsylvania. The State troopers accompanied the speaker from Murrysaville to Munhall to address the meeting. In my opening remarks at that meeting I remembered the men of the '92 strike at Homestead who had paid the supreme sacrifice. There were nine of them, in order that men be organized. I said in that meeting that the blood of the martyrs of the '92 strike would be the seed of the organization in 1936.

I did not expect the Union to grow as fast as it did or for them to get a contract as soon as they did with big steel. Of course, you will all remember in 1937, Memorial Day - the steel strike, and a number of steel workers paid the supreme sacrifice in South Chicago, where men were killed because they wanted to join the Union and wanted to bargain collectively.

And so, the United Steel Workers have come a long way under the leadership of the late Philip Murray, of happy memory, and now under the leadership of David McDonald, and his colleagues and the loyal members

of the United Steel Workers of America.

It was a very good convention, and as President McDonald said, "You have seen the Steel Workers at their best and have seen them at their worst."

The Convention was closed with the Lord's Prayer and the delegates left Los Angeles in a good frame of mind to go back and to bring all the rest of the men and women employed in the steel industry into the United Steel Workers of America, and they expect, some day, to have at least a million and a half members.

The President of the American Federation of Labor and the Congress of Industrial Organization, George Meany, was there and addressed the convention, and made a very brilliant address and promised there would be unity in the ranks of organized labor from here in. Thank you.

A group of students from Duquesne University attended this meeting of Council and were welcomed by President Gallagher. At the request of the Chair, Mr. Olbum explained the procedure of Council and introduced the other members of Council to them.

Mr. Jones moved

That the Minutes of Council of Monday, September 17, 1956, be approved.

Which motion prevailed.

And upon motion of Mr. Dinan
Council adjourned.

MOTIONS AND RESOLUTIONS

Mr. Dinan

Mr. President:

There was presented for the record today the official certification as furnished by the Allegheny County Board of Elections for the special bond election held in the City of Pittsburgh on September 11th.

As we all know, the bond issue carried by a vote of better than three to one.

The success of the issue, by such an overwhelmingly favorable vote, is attributable to several factors.

First of all, the program to be carried out by this bond issue is a good one, essential to the continued advancement of Pittsburgh.

This was recognized by leading civic agencies who have spearheaded the Pittsburgh improvement program. To these organizations, which worked positively and effectively for the approval of the bond question, we all owe our sincere and full-hearted appreciation.

To the citizens who formed the Citizens Committee in Favor of the

Pittsburgh Bond Issue, headed by William H. Rea, John A. Feigel, and Ella Graubart, every one concerned with the passage of the issue owes a debt of gratitude.

To the Pittsburgh newspapers, to the weekly publications, to radio and television stations, and every other media of public information, we should express our appreciation for their fairness and their able efforts to acquaint the voters with the program and with the importance of the election.

Lastly, and, of course, most important of all, I believe this Council should express its appreciation to the voters of this great community for their positive action in support of the bond issue. Their voice was strong and clear. Their action was decisive. They gave overwhelming approval to the Pittsburgh improvement program.

Everyone who has worked to implement that program and to carry forward its works must feel a sense of pride in knowing the extent of the popular support which it achieved on September 11th. It is important, I

believe, that this support came from every section of Pittsburgh with all but two districts voting in favor of the bond issue.

Pittsburgh's success has been based, in large measure, upon the civic patriotism of its citizens.

The bond election results point up emphatically that this patriotism still is vigorous and enthusiastic, that it embodies responsibility as well as pride, that it looks as much to future challenges as it does to past successes.

Now it is time to get on with the work, for the better community which all of us seek.

Mr. Olbum moved

That the Minutes of Council of Monday, September 24, 1956, be approved.

Which motion prevailed.

And upon motion of Mr. Dinan

DEPARTMENT OF LAW

Pittsburgh, Pa.
October 2, 1956.

Honorable President and Members
City Council
City of Pittsburgh

In re: Special Bond Election held
September 11, 1956.

Gentlemen:

We wish to report that on September 21, 1956, the Board of Elections of Allegheny County filed a certified copy of the election return, a copy of which was furnished to Council, with the Clerk of Courts of the Court of Quarter Sessions. The election return indicated that the increase of indebtedness of the City of Pittsburgh in the amount of \$30 million was approved, with a vote of 56,177 for approval, and 17,517 for disapproval.

On September 27, 1956, this Department filed with the Court of Quarter Sessions a copy of the notice of election issued by the City and the proof of publication of the notice in various newspapers. This completes compliance with the requirements of the Municipal Borrowing Law of 1941 relating to special elections. It should be pointed out that Section 205(g) of the Law provides that any taxpayer or other interested party may, within sixty days from the date of the election, file a petition in the Court of Quarter Sessions contesting the validity of the election proceedings.

The return of the Board of Elections and the other documents concerning the special election of September 11, 1956 are filed at No. 5 September Sessions, 1956, B. I.

Very truly yours,

J. F. McKenna, Jr.,

Mr. Fagan:

Mr. President, Mrs. D'Ascenzo and Gentlemen of Council: I have a pleasant duty to perform. When I attended the Eighth Constitutional Convention and the Twentieth Anniversary of the United Steel Workers of America I had the honor of presiding over the Convention a day or so.

My mutual friend, Louis Caponi, presented me with one of the gavels used (there were numerous gavels used during the sessions of the Convention) and he requested that I present this gavel to the President of Pittsburgh Council.

It gives me pleasure to present the gavel to you, Mr. President. If any of the boys get rough you can hit them on the head with it.

The Chair:

Mr. Fagan, I want to thank you and the United Steel Workers of America, in convention in Los Angeles, for honoring me with this gavel to be used here in this Council Chamber. I think, along with the convention, this will be a historic fact in the years to come, that the great organization of steel workers, numbering about a million members, through our colleague here, Mr. Fagan, who spent many, many hard working days with that organization, that they decided to present this gavel, not to the President of City Council, but to the Council of the City of Pittsburgh.

I think it is a very nice gesture, and I want to congratulate you on the fact that you used this gavel in the assembly of the United Steel Workers, and you had a lot of publicity over it, and I was delighted to read that you presided over that great organization.

Talking about gavels, in 1935, when I returned from a trip to Ireland, I brought back a shillalah, which was about as big as this gavel, and I presented it to the then President of Council, the late Bob Garland. He was from the North of Ireland and I was from the South of Ireland. When the Ambassador representing the Irish Republic was here and attended a meeting of Council in the City of Pittsburgh, Mr. Garland said, Mr. Gallagher, you present me with a problem. How am I going to cope with two Southern Irishmen when I am the only Northern Irishman present?

I am delighted to receive this gavel from the United Steel Workers of America.

CITY OF PITTSBURGH
CERTIFICATE OF EMERGENCY

WHEREAS, Article XIV, Section 13, of the Act of March 7, 1901, P.L. 20, as amended by the Act of May 31, 1911, P.L. 461, provides that all appropriations shall be made annually by general ordinance, except in cases of emergency, when special appropriations may be made to meet the same; and,

WHEREAS, the Director of the Department of Water in letters addressed to the Mayor and to the City Controller, dated October 10, 1956, has stated that Section 100 of the Salary Ordinance for 1956 (No. 497, approved December 22, 1955), setting forth the employees in the Pipe Lines, Hydrants and Reservoirs Section of the Department of Water, by inadvertence provided for only a Valve and Hydrant Repairman although it was intended to authorize the employment of Valve and Hydrant Repairmen, as needed, and the appropriation of wages for that Section was so calculated; and,

WHEREAS, The Director of the Department of Water now finds it necessary to procure additional Valve and Hydrant Repairmen, as needed, by transferring a number of employees from the position of Service Inspector in the Pipe Lines, Hydrants and Reservoirs Section of the Department; and,

WHEREAS, the foregoing appears to be a good and sufficient reason to impel the certification of an emergency under the circumstances;

now, therefore,

WE, DAVID L. LAWRENCE, Mayor of the City of Pittsburgh, and EDWARD R. FREY, Controller of the City of Pittsburgh, do hereby certify the existence of an emergency requiring the amendment of the Salary Ordinance for 1956 to authorize the employment of additional Valve and Hydrant Repairmen, as needed, in the Pipe Lines, Hydrants and Reservoirs Section of the Department of Water.

Also

Bill No. 1598 An Ordinance entitled,

"An Ordinance providing for the letting of a contract or contracts for the furnishing and delivery of Flasher Lights, for the Bureau of Automotive Equipment, Department of Public Works, and for the payment thereof".

In Public Works Committee, October 16, 1956, bill read and ordered returned to Council with an affirmative recommendation, subject to report from Mr. Rodgers.

Which was read.

Mr. Rodgers

Mr. President: Before you act on the bills returned to Council by the Committee on Public Works, I wish to report on Bill No. 1598, which provides for the purchase of flasher lights for the Bureau of Automotive Equipment. This was affirmed in Committee, subject to a report, and I was assigned the duty of investigating and giving a report.

I find that by Act No. 390, the State Legislature amended the Vehicle Code to require that every snow plow and cinder truck shall be equipped with a flasher light of a type approved by the Secretary of Highways. I might say that this is very wise legislation because there is great danger when our snow plows and cinder trucks are out at all hours of the night in bad weather and flashing lights to warn approaching traffic is a very wise provision.

I have looked into it and the Works Department is requesting the purchase of 109 such flasher lights. I wish and urge affirmative action on that bill.

Mr. Dinan:

Mr. President: In line with Mr. Rodgers' remarks, I think the assignment was to check with the Law Department as to its legality.

Mr. Rodgers:

Mr. President: I did not check with the Law Department, but I did read the law and Act No. 390 requires flashing lights on all snow plows and

cinder trucks.

Mr. Dinan:

Mr. President: As a member of Council, I take my law from the Law Department, and when we passed it in Committee it was on the basis of the report you were to get from the Law Department.

Mr. Jones:

Mr. President: I think the proper thing to do, under the circumstances, would be to approve it subject to the approval by the Law Department.

The Chair:

The Clerk informs me the Director of the Department of Public Works has a letter from the Law Department which he was to submit to Council today.

Mr. Rodgers:

Mr. President: I have not seen that letter. That is the reason I conducted a personal investigation.

At this time, James S. Devlin, Director of the Department of Public Works, appeared and submitted communication from the Department of Law relative to flasher lights.

The Chair presented

No. 1659

October 11, 1956

James S. Devlin, Director
Department of Public Works
City of Pittsburgh

Dear Director Devlin:

In reply to your verbal request, please be advised that Section 802, Act of May 1, 1929, P.L. 905, the Motor Vehicle Code, was by Act No. 390, approved March 15, 1956, amended by the addition of the following Section:

“(e) Flashing Emergency Lamps.

Every snow plow or cinder truck operated by or for the Department of

Highways of this Commonwealth, or operated by or for the highway department of any political subdivision, must be equipped with at least one (1) flashing emergency lamp of a type approved by the secretary for use in emergency only.”

Section 2 of the amendment provides for a summary conviction and a penalty of \$10.00 and costs of prosecution for violation and Section 3 of the amendment makes the Act effective immediately.

Yours very truly,

John M. Marshall

Assistant City Solicitor

St. Luke High School

October 22, 1956.

Dear Mr. Gallagher:

Please extend to Council our appreciation of the opportunity to sit in on today's sessions, both of which - the legislative and the citizens' hearing - were practical for us. Councilman Fagan's explanation was helpful, thank you for that, too.

I am safe in saying that such an experience cannot be picked up by children from textbooks. Our seniors should have gotten a good bit out of their hour and a half visit.

With every good wish,
Sincerely,

Sister Mary Agnes

St. Luke School

Dear Mr. Gallagher:

I would like to thank you on behalf of the students of St. Luke for providing us the opportunity of attending your Council meeting. We thoroughly enjoyed your legislative procedure, as it was most interesting to see into what details you probe in regard to all your ordinances. Exercising such careful understanding for the law, we are sure the welfare of the citizens of Pittsburgh is uppermost in your mind. Again sincere thanks.

Yours truly,
Gary Rado

The Chair:

The Mayor is ready to submit his budget to Council

I appoint Messrs. Fagan and Jones to escort the Mayor to Council Chamber.

(After the return of the Committee and the Mayor).

The Chair:

Members of Council: His Honor,

David L. Lawrence, Mayor of Pittsburgh.

Mayor Lawrence:

President and members:

I have the honor to submit to you the general budget for operation of Pittsburgh's municipal government during the 1957 calendar year. This budget consists of estimated revenues to be received as well as the expenditures required to support all phases of the City operation, other than the Water Department, in the year that is ahead.

It is never easy to make a budget for a year's operation of an enterprise so comprehensive as the City of Pittsburgh.

But I am happy to report to Council that the task for 1957 has been made less difficult by the fiscal planning which has been consistently applied to the problems of our City.

We will have a substantial surplus as a result of our 1956 operations.

The City government's relationships with the County and the State governments have been clarified in important fields of public service, to our mutual advantage.

The City's tax structure is adequate for its present necessities.

As a result, the budget which I now submit will:

1. Continue and improve our vital City services.

2. Provide a substantial increase in wages and salaries to municipal employees, in accordance with the trend of the national economy

3. Make special and important adjustments in the compensation of the uniformed police and fire personnel, and in the compensation of the technical supervisory personnel whose services are critical to our municipal progress.

4. Provide for admission of City employees to the Federal Social Security system.

5. Finally, and most important, provide for a modest reduction in the tax rate.

Fortunately, Pittsburgh has participated with the rest of the nation in the growth of the American economy. That means, simply, that the economic level of most citizens of this community has been moving upward. That advance, however, has not been confined to incomes alone. Prices have gone up, also, and everyone, whether housewives or municipal administrators, is paying more for what we buy in goods and services.

As a community, this city has been going forward vigorously in its broad and comprehensive work of municipal improvement and urban rebirth. The success of that effort has had its effects upon the area's economy, as well as upon the spirit and the character of the community itself.

As every year passes, each citizen, I am sure, becomes more aware of the magnitude of the overall Pittsburgh program and more alert to the necessity of keeping up the pace and of enlarging the vision for the work and the opportunity that is still before us.

The response of Pittsburgh voters at the September special election is an evidence of that realization, as well as an enthusiastic endorsement of the goals that have been set for the future.

By a margin of more than three to one, the people said they wanted to get on with the job.

To do that job places an enormous responsibility upon every citizen and especially upon the City government. The municipal operation must be geared to do its part, with energy and with competence, both in carrying out the physical improvements and in providing those basic services upon which the safety and the welfare of the City depend to such a large degree.

This budget has been prepared with those achievements foremost in mind.

It includes adjustments in salaries for supervisory and technical personnel, upon whom rests the heaviest responsibility for high standards of municipal performance.

It also provides for a complete reclassification of salaries in the police

and fire bureaus, raising their levels to a point of favorable comparison with other cities with which we have much in common both in population and in character.

Several agencies, among them the Department of City Planning and the Bureau of Traffic Planning, will be strengthened by recommendations for additional personnel at salaries permitting us to recruit people fully qualified to perform in these vital areas of city government.

In other departments, such as Public Works and Parks and Recreation, this budget asks for a modest increase in personnel in recognition of growing demands for the services furnished by these agencies.

In summary, the expenditures called for in this budget total \$42,548,292.

Included in this amount are the salary and wage adjustments I have just mentioned.

Beyond this, however, there are additional needs which City Council must consider.

I know you will agree with me that the employees of the City government deserve, and must have, an increase in their salaries and wages. They received no such adjustment either in 1955 or in 1956, despite the higher wages and salaries given in industry and in other segments of our local economy.

I recommend, therefore, that City Council provide for a seven percent across-the-board increase for those City employees not covered by the adjustment included in this budget or by the prevailing union rates and schedules. This will cost about 900,000.

I also suggest that Council include in its appropriation ordinance another \$300,000 as the City's share for Social Security protection for municipal employees. Details are now being worked out for an early referendum on this program among members of the Municipal Employees' Pension Fund. Should this election result in approval of the Social Security plan, it would cover all personnel except policemen and firemen who are excluded by Federal law.

In addition to these sums, funds

must be provided for wage increases for personnel employed in those fields where the City has traditionally recognized the prevailing union rate of pay. It is estimated that this will amount to \$350,000.

Beyond these items, the 1957 appropriation ordinance must include whatever changes there are in contract prices for garbage collection and removal on the North Side, for hauling and disposal of incinerator ash, and for several other contract services whose increased cost cannot be determined at this time. I would recommend, also, that the Council consider authorizing a contract for the hauling of surplus food from County storage facilities to the various distribution centers in the city, a function which has been carried on by the Department of Public Works for the past seven months at a sacrifice of other municipal services. It is calculated that a maximum of \$75,000 would be needed for this purpose.

These, then are the expenditure requirements of the City of Pittsburgh for its 1957 operations:

Budget, as submitted.....	\$42,548,292
7 per cent wage increase....	900,000
Social Security.....	300,000
Union scales.....	350,000
Contractual services, etc....	175,000
TOTAL	\$44,273,292

To provide funds for these needs, it is estimated by the City Treasurer that the City of Pittsburgh general fund will have a 1957 income, from all sources, of \$42,500,000. In addition, it is expected that the surplus from 1956 operations will amount to \$2,500,000, bringing the total sum available for general fund purposes to \$45,000,000.

On this basis, the anticipated resources for 1957 will be about \$725,000 more than the recommended expenditures.

It is important to emphasize that this statement of the City's financial position for the coming year reflects careful management of the City's affairs during 1956, an increase in inter-governmental aid and responsibility, and a realistic appraisal of the needs in 1957.

In 1956, the budget was brought into balance by increasing the real estate taxes by two mills on land and one mill on buildings, by enacting a deed transfer tax, and by utilizing the repayment to the City of loans it had made to the Allegheny County Sanitary Authority. When the debt was paid, \$1,174,093 due the general fund was applied to help finance the City's 1956 operations. This money obviously will not be available again in 1957.

As a compensating factor, however, the City has been fortunate in the consideration given it by the present State administration. In Governor Leader and in the 1955 Legislature, the City found a friendly attitude toward its problems, which is now correcting many injustices from which we suffered in the past.

The people of Pittsburgh will insist, I am sure, that the incoming 1957 Legislature be equally considerate of Pittsburgh's needs. This City administration will continue to press for equal treatment at Harrisburg, particularly in the return of gasoline tax revenues and in the allocation of funds for major highway improvements.

Last year, the Commonwealth increased its allocations of liquid fuels tax funds to Pittsburgh by \$536,000, which is earmarked for street construction and maintenance. The Commonwealth, under the present administration, also made good on the pledge of State aid for public health services, which had been ignored by its predecessors since 1951, and paid to us \$803,000 in 1956.

In 1957, the Commonwealth will operate the City's Tuberculosis Hospital at Leech Farm thereby assuming a function which cost the municipal government \$1,063,574 in 1956. Until the transfer of Leech Farm to the Commonwealth, the people of Pittsburgh had actually been paying double taxation for the care of tuberculosis patients. The State itself will benefit because under its ownership and operation, the Leech Farm hospital will serve a much broader population base than it could while the institution was a City facility.

Largely because the State has made funds available for aid to local health districts, Allegheny County will begin the operation of a county-wide health department next year. This is an advance in health protection which will benefit every resident of the county. Pittsburgh can be very proud that its health department is serving as the competent professional base for the new and wider county department.

The County Commissioners took a brave and progressive step when they acted to form a County health department. But let no one assume that in so doing they were "bailing out" the City. The transfer of health functions to the County government will be no special bonanza for the City of Pittsburgh. Our net savings, after subtracting the City's 1956 income from health department charges and State subsidy payment, is about \$650,000—about half of the saving effected through the transfer of Leech Farm to the State.

Our real saving through the County health department will not be in dollars. It will be in the advances in public health that the new department will secure for all the people of the Pittsburgh area.

These were the facts we faced in preparing the 1957 budget.

But they were not all the facts.

We had to consider the need for enlarging the staff for the Department of City Planning, whose importance to the success of the bond program and the work of urban redevelopment and renewal cannot be overstressed.

We had to strengthen the Traffic Planning Bureau whose responsibilities become greater and whose problems grow harder with every passing day.

We needed to provide the staff for new facilities and program in Parks and Recreation and to increase the personnel in the Department of Public Works which is working to keep our streets and sewers in good condition.

We had to examine every area of the municipal operation, analyze the responsibilities, measure the needs,

look forward to new techniques as well as to new problems.

In several agencies, notably the Bureau of Refuse, we have been able to make some reductions as a result of this scrutiny. In 1956, a start was made in equipping the Refuse Bureau with trucks whose increased load capacity permits enlargement of collection districts and, consequently, a reduction in personnel costs. Conversion to this kind of equipment will continue in 1957, giving promise of additional savings in the years to come.

One of the most important jobs in compiling this budget, was to survey realistically the salary schedules for technical and supervisory personnel. With the existing rates, the City not only has difficulty recruiting planners and engineers and draftsmen; we cannot hold those we do have.

Our present salaries for supervisory people are so inequitable that the supervisors, in many instances, are paid less than those they supervise.

Obviously, this condition imperils the entire operation of the municipal government, just as it would bring havoc to any business or industry.

We have tried, therefore, to bring some degree of reason to the salary schedules for these positions, resulting in the recommendations which are embodied in this budget.

Equally important has been the determined effort to review and revise the pay scales for the men and women in the police and fire bureaus. These employees are the guardians of the community's safety and, as such, their responsibilities and their risks demand high standards of duty, discipline, and bravery.

Such requirements cannot come cheap.

Pittsburgh has proper pride in both its fire and police forces.

This administration has worked vigorously to justify that pride and has fought consistently to strengthen these vital public safety activities.

By reclassifying the entire salary scale for service personnel in these bureaus, we are seeking fair and

realistic rates, in terms of comparison with other cities as well as in an effort to aid recruitment of new men to the force.

I am convinced that the recommended salaries in the police and fire bureaus will help accomplish these aims, while assuring, at the same time continued improvements in the performance of both agencies.

This budget is the result of an earnest consideration of the problems I have outlined to you.

Needless to say, it is subject to searching analysis by this Council.

In my opinion, it is the best answer to the needs of the City of Pittsburgh for 1957.

Since the budget can be adopted and still leave a balance of about \$725,000 in unallocated funds, I recommend that Council reduce the real estate tax rate for 1957 by one mill on land and one-half mill on buildings.

I believe this is both fair and desirable because, as I pointed out at the time, I requested the increase in real estate taxes last year with great reluctance. Beyond that, it is probable that the County will require additional revenue next year to help finance its health function and its source, of necessity, would be from real estate.

On both counts, it is proper that we reduce the millage in the City.

Through such action, the 1957 rate would be 33 mills on land and 16½ mills on buildings, the same as it was in 1952.

I must point out, however, that this action is possible only because of the large surplus we have available this year to bring the budget into balance. Despite my appearance before the Allegheny County Board of Property Assessments, Appeals and Review last April, the growth in real estate assessments has been slight. Unless the Board honestly and purposefully works to establish realistic assessments, particularly on land values, we will have made very little progress.

We will continue to do everything possible to encourage them to adopt this course.

We will also continue our efforts to keep municipal expenditures at the minimum dictated by necessity.

We will continue to search out for savings, such as those reflected in the Bureau of Refuse in this budget, which come from new methods and new equipment.

We will strive for other reorganizations, such as the merger of the City's library systems this year, which will result in improved and increased services.

Unfortunately, however, we cannot control inflation.

We can only devote ourselves wholeheartedly toward achieving the best municipal government operated at the lowest possible cost.

In this effort we can find confidence and encouragement in Pittsburgh's proved capacity to face its problems squarely and to overcome them with boldness and imagination.

Pittsburgh has become the talk of the nation because of its determination and its success in building itself anew. There has been no letup in that work and there will be none in the crucial years ahead.

We can find hope, also, in the vitality of our nation and the vigor of its democracy.

However serious our problems may seem and however difficult the job ahead appears, they become small and meagre in the light of events in other parts of the world, where the search for freedom and human dignity becomes more valuable than life itself.

May we all, at this Thanksgiving

season, gain from the struggle and the sacrifice in other lands the strength and the courage to meet the future boldly and confidently, as free men and women should.

With such resources, we can continue to point the way in Pittsburgh toward new achievements fully in keeping with man's all but limitless talents and abilities.

Mr. Weir

Mr. President:

I am sure that no one needs to be urged to vote for Bill No. 1826, but since the passage of this Ordinance will be another landmark of progress in the field of public health, I seek your indulgence in making some brief remarks on the subject.

When I entered Council in June of 1947 as the freshman member of this body, I was assigned the Chairmanship of the Public Health Committee, probably because this Committee was then marked by inactivity although not lacking in importance. Almost immediately thereafter, however, the Mayor requested the now famous survey by the United States Public Health Service which resulted in the Coffey report on Public Health Services in Pittsburgh, which in turn caused the Public Health Committee for many years thereafter to become the center of some of our greatest activity and at times our greatest controversy. The experience which I have had as Chairman of that Committee is probably the one thing of greatest importance in my own public life, a strenuous and difficult task which is happily behind me and yet one which I would not have missed for anything in the world.

When the Mayor asked for the survey by the U. S. Public Health Service there was an implied promise that it would not be filed away to gather dust but would become the guide whereby the City of Pittsburgh would have a rebirth in the all-important field of public health as it was having simultaneously in the more tangible physical things. It became my duty to see that this promise was kept and it is very gratifying to know that this was done—and to be able to say that my colleagues in Council when the chips were down were always able to see the importance of the objective and give the necessary support for its attainment. This was not always easy, because our financial condition during practically all of these years was critical and always there were many other things badly needed where our limited funds could be well spent. However, as our former esteemed colleague, A. L. Wolk, was accustomed to saying, "There is nothing quite as important as public

health", and I am most pleased to recognize that my colleagues went along with this belief despite a few points of the inevitable friction of a temporary nature which always develops during the unfolding of any great plan of progress in any field.

At this point I want to pay particular tribute to Mr. Wolk who fought for improvement in public health before I was ever a member of this body and, without minimizing the importance of the support which I received from others, I would like to give a special acknowledgment to Mr. Fagan who never forgot the lessons he learned in the coal mines long ago and who has an abiding understanding of the importance of public health to the underprivileged citizens of the community and the country.

Also, we should never forget the great contribution made to this cause by the hundreds of public spirited men and women who were members of the Thirteen Citizens Committees, and among them Paul Anderson, their Chairman in recent years, and Mary Champlin, who, as Executive Secretary of the Health Division of the Health and Welfare Federation, played a most important role in inspiring the Committees and driving them on.

Reference has been made to the fact that the Allegheny County Department of Health is being established following a recommendation of the Metropolitan Study Commission. This is, of course, true as I know very well having been a member of the subcommittee which handled this particular subject. It is important, nevertheless, to bear in mind that the Thirteen Citizens Committees and others having knowledge of public health were working toward the goal of a County Health Unit along before the Metropolitan Study Commission was established. The desirability of a County Health Unit is based simply on the fact that experience throughout the nation has shown that a County of about the size of Allegheny is the most effective division of government for the efficient administration of public health services. This has nothing whatever to do with any so-called Metropolitan Plan and the local Health Administration Law of 1951

was pushed through the legislature by friends of public health who had no concern one way or the other about any metropolitan plan.

Now that the dreams of the leaders in the field of public health are going to be realized by the establishment of a county-wide health department, it is particularly gratifying to know that this department will begin functioning more quickly and more effectively because of the efforts which were expended in raising the City Health Department from ordinary stature to one of the best. The able personnel which was recruited with such great difficulty for the city is available and will be used by the county. Incidentally, a number of outstanding people who were in the City Health Department and will enable the County Health Department to get off to an auspicious start would never have been brought to Pittsburgh and held here without the assistance of Drs. Thomas Parron and James Crabtree of the Graduate School of Public Health and Mr. Phillip Broughton of the A. W. Mellon Charitable and Educational Trust, and I am very pleased indeed to acknowledge the important contributions which they have made to public health in this respect and in many other ways.

Finally, I am sure that we can be confident in advance that the new Allegheny County Health Department will rapidly become one of the very best. I say that we can be confident that this will happen because of the high quality of the members appointed to the Board of Health by the County Commissioners. I know that these men will not rest easily until the Allegheny County Department of Health is outstanding in its field. We can be certain also that the Board of Commissioners will back them up. Everyone knows that the Allegheny County Commissioners are men of vision who have consistently done a good job on everything that they have undertaken.

One final word—although the City of Pittsburgh will derive some financial benefit from the creation of the County Health Department, this is merely an incidental thing concerning which we may be pleased but over which we should not exult. Those who

understand the problems of public health will rejoice simply because we will now have a health department operated at the proper governmental level and over an adequate area to meet the problems of public health in the most effective way.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

Mr Dinan moved

A suspension of the rule to allow the second and third readings and final passage of the bills.

Which motion prevailed.

And the bills were read a second time.

Mr Counahan:

Mr. President: Getting back to some remarks I made a couple of years ago relative to taxes, here we are again having tax bills presented for the reason that we have only thirty days in which to put them into effect. It has been my opinion over the years, and I have not changed my mind, that we should have a complete picture before us before we take any action on these ordinances.

May be the other members of Council have more information than I have, but I do not think so. I think, before taking action on any of these bills, we should have a better picture as far as the finances of the City are concerned. I am raising that question because we have taxes on which requests have been made for reduction, and maybe that can be taken care of. I don't know, so it puts me in a very peculiar position in not knowing the over-all picture so that I can vote intelligently.

Mr Dinan:

Mr. President: Personally, I think that one glance at the budget would certainly create in any one's mind what amount of revenue is required to operate properly the functions of this City, and if and when a person has a better solution or an idea that we can derive more revenue for the City of Pittsburgh other than what we get now, I would be the first one to listen to it.

I do not see that the budget as presented to us by the Mayor that we would be justified in reducing the amusement tax to the extent that we asked the Law Department to look into, because as the budget is made up and the revenue derived from property taxes, and by that I mean real estate, land and buildings. In our tax structure we have our

limitation under Bill No. 481, which includes mercantile tax, personal property, earned income, etc., and if we did not have those and were limited in any of those we would have the question of increasing the load on the property owners. We have preached for years and years and it has been my personal opinion and the opinion of other members of Council that real estate is carrying a greater load than it is able to bear. So the Mayor recommends a reduction in real estate taxes.

Every year the City meets the current union wage. Two years have gone by without giving the other employees a raise and the Mayor recommended giving a substantial raise as far as the budget can stretch, and because of this I do not know any way to reduce any of these special taxes. We are not operating as a corporation or a private business. We operate on taxes. If you analyze what we expect to receive in revenue from the earned income, personal property and the mercantile tax, and if a recession should happen we might find ourselves in a straitjacket next year. Personally, I cannot see any way of reducing the special taxes at the present time.

Mr. Fagan:

Mr. President: I have before me the budget message of the Mayor of the City of Pittsburgh, which is very plain and very definite and very specific in the recommendations to City Council. It is, to me, very understandable.

The budget as submitted will call for \$42,548,292.00; a 7% increase to the employees of the City of Pittsburgh, excluding the building trades, namely, \$900,000.00. If the employees of the City of Pittsburgh, in an election, agree to accept Social Security, it means another \$300,000.00. To meet the Union scale requires \$350,000.00 and Contractual services, etc., amount to \$175,000.00; making a total of \$44,273,292.00.

If we are going to agree to give the employees an increase in wages, and the men who are part of the building trades the prevailing wage,

and extend social security to the employees of the City of Pittsburgh, which I think they are entitled to, and I think the other members feel the same way, we must set up the proper tax structure to take care of it.

There are a lot of taxes we would like to reduce, and we are going to give a slight reduction in the real estate tax millage, and there is nobody entitled to consideration more than the property owners of the City of Pittsburgh. After all, the tax millage on the assessment must be paid, because if you do not meet it your property is taken. It is true they have a redemption period of one year but they are not always able to do it in that time. You must pay the real estate taxes. For that reason I am in favor of the present tax bills before us. I feel they are constructive and in the best interests of the City of Pittsburgh.

Mr. Counahan:

Mr. President: I heard the two previous speakers and of course, possibly we do not agree on all the statements they made, and they possibly do not agree with me. My point is this, in making decisions on taxes—here we have a lot of people coming before us for increases, and we take the statement here that we accept everything without having it all before us at these hearings and meetings and when these cases come up then we can make a decision. That is my point.

Mr. Jones:

Mr. Counahan, do I understand you to say that the only reason you are personally able not to make a decision now is that you have not heard from all these groups?

Mr. Counahan: Yes, that is part of it. I think we should hear them all before we make any decision on taxes.

Mr. Jones: I understand your position.

MOTIONS AND RESOLUTIONS

Mr. Weir:

Mr. President: I have just received a report from Mr. Dunsmore on his trip to the American Public Health Association meeting, which has been requested.

Of course, he has discussed this report with me before and I will give you some of the high lights of it. At the time he recorded it he did not have time to meet with Council in person, and because, as he puts it in this letter, it is extremely difficult to relate all of the interesting things which occurred in a communication, which is only seven pages long. He was very unhappy over the fact that he did not have a chance to be with us for this purpose and he also took occasion to say he would have enjoyed being with all the Councilmen, not only for the purpose of making his report on this very interesting meeting, but as he put it, to give

him one final opportunity to enjoy the companionship of Council. He wanted me to say to all of you that throughout the years, every time he would come to Council with a proposition, he has always gone away with the feeling that this was a body of men who always would see the reasoning and the sense of the thing after it was properly presented to them. However, I said to him that due to the work on the budget it did not seem possible that we would all get together in a personal meeting, and therefore, he dashed off his report, which I ask to be filed so he can be paid for the trip.

Mr. Counahan:

Mr. President: I believe we should have that report read into the Minutes of the meeting. I am very much interested in the report.

Mr. Jones:

Mr. President: I suggest it be referred to Mr. Counahan for his perusal.

Mr. Counahan:

I hope you do not think I am the only one interested in the report. We are all interested and I think it should be read into the Minutes.

The Chair:

It will be received and filed and any Councilman who wants to scrutinize it, will have that privilege.

Mr. Dinan:

Mr. President: I listened, with great interest, to the report of the Chairman of the Public Health Committee on the required report from individual, Mr. Dunsmore, which is required by Council from anybody who takes a trip at the expense of the City, but personally, I regret that now as he is going over to the County, that he was not here, himself, to present this report, because I have not seen him for a long while and I would like to have seen him before he leaves and said a word or two but he did not appear.

Mr. Weir:

I would like to say an additional word that would not be in that report. Mr. Dunsmore was able, by careful handling of these finances, to enable a couple other people to attend with him at no additional cost to the City. That is not in the report. All in all, he seems to have done an outstanding job at this convention.

Mr. Weir presented

No. 1950 Report of Herbert J. Dunsmore, Public Health Engineer, Department of Public Health, submitting report of his attendance at the Annual Meeting of the American Public Health Association in Atlantic City, N. J., November 12 - 16, 1956.

Which was read and referred to the Committee on Finance.

WHEREAS, the Director of the Department of Public Health, in letters addressed to the Mayor and the City Controller under date of November 28, 1956 has stated that unanticipated overtime and the employment of additional help, required by reason of sick leaves, has created an emergency in the Wage Account, Department of Public Health, Tuberculosis Hospital, requiring the transfer of the sum of \$500 to Code Account 1289, Wages, Tuberculosis Hospital to meet the

payroll and that because of the inability of the Department of Public Health to fill the fourth medical position budgeted, additional physicians had to be engaged and payable on a per-session basis, thereby causing a depletion in Code Account 1291 resulting in an emergency in this professional services account, and in order to continue these services the additional sum of \$5500 is necessary to be transferred to Code Account 1291, Professional Services, Tuberculosis Hospital; and

WHEREAS, such appears to be a good and sufficient reason to impel the certification of an emergency under the circumstances,

And the bill was read a second time.

Mr. Fagan moved

To amend Section 40, Division of Inspection, Bureau of Building Inspection, Department of Public Safety, by striking out the word "Examiner" and by inserting in lieu thereof the words, "Examiner of Applicants for Stationary Engineer's License".

Which motion prevailed.

Mr. Rodgers moved

To amend Section 55, Asphalt Plant, Department of Public Works, by inserting after the word "Chief Engineer" the words, "as needed"; by striking out after the words "Four Roller Engineers" the words, "240-250 days each" and by inserting in lieu thereof the words, "as needed"; by striking after the words, "Six Mixermen" the words "254-264 days each" and by inserting in lieu thereof the words, "as needed"; by striking out after the words, "Six Plant Laborers" the words "254-264 days each", and by inserting in lieu thereof the words, "as needed"; and by striking out after the words "Hi-Lift Operator" the words "250-260 days" and by inserting in lieu thereof the words "as needed".

Mr. Rodgers:

Mr. President: I was informed by the Director of the Department of Public Works that inasmuch as the Asphalt Plant is to be remodeled, it is recommended that these words "as needed" be inserted after the positions which I have enumerated in my motion, because the services of these employees will not be required during the period of time the asphalt plant is under reconstruction. Director Devlin is here and can explain the matter further.

James S. Devlin, Director, Department of Public Works:

Mr. President and Members of Council: I have heard the explanation made by Mr. Rodgers. He explained the situation correctly, and I might enlarge upon his explanation by saying that while the Asphalt Plant is undergoing repairs the services of these particular employees will not be required, therefore, I ask that you amend the bill so that they can be employed when needed. In some instances where employees are employed as needed, when they are not engaged in the particular services for which they were employed, we can use them in other capacities; but in the case of these particular employees we cannot use them in other services. Therefore, I request that you amend the ordinance accordingly.

And the question recurring on the motion, that the bill be amended as outlined by Mr. Rodgers, the motion prevailed. (Mr. Counahan voting No).

MOTIONS AND RESOLUTIONS

Mr. Rodgers:

Mr. President: On Monday, December 17, 1956, Mr. Weir introduced a letter from Mercer and Buckley, signed by E. V. Buckley, Esq., suggesting a compromise of the City's subrogation claim in the case of Gerald W. Echement vs. Samuel Calabrese. I received a call from Judge Brown, of the Common Pleas Court, who said that case is before him today and if possible, he would like to have a decision from City Council before tomorrow as to our attitude on the proposed compromise settlement.

I would like to suggest that we recess for ten minutes in order to have Mr. McKenna give Council his report, and then we could discuss it.

Mr. Fagan:

Mr. President: Before we recess I would like to go on record and wish all the members of Council, all of the Council employees and the citizens of Pittsburgh a very Merry Christmas and a Happy and Prosperous New Year. I also include in the wish that Mrs. Irma D'Ascenzo may have a

speedy recovery.

Mr. Dinan

Mr. President: Before we recess, I want to take this opportunity, as Chairman of the Committee on Finance, to thank my colleagues in Council for the fine cooperation I received during the course of the Budget sessions. I appreciate your fine help, not only during the Budget sessions but also the help I received during the year 1956.

I thought, before Councilman Rodgers asked for the recess, that we would adjourn, but I will not object to the recess. When we do adjourn, I would like to have Council adjourn to meet on Monday, January 14, 1957. In the minds of some people, that is going to seem like a long time, but there are more reasons than one for the extended recess. It was first our intention to adjourn to meet on Monday, January 7th, but we took into consideration the contract for laying a new floor, the rehabilitation of this room and the installation of an amplification system and we thought it would be better not to have meetings in order to give the men a chance to do the job we want done.
